Dear Stockholders:

We are pleased to invite you to attend our 2013 Annual Meeting of Stockholders to be held on December 3, 2013 at 9:00 a.m. Pacific Time, at our headquarters at 950 De Guigne Drive, Sunnyvale, California 94085 (the "Annual Meeting"). This Notice of Annual Meeting, Proxy Statement and form of proxy card or written voting instruction form are being made available to you on or about October 22, 2013.

We are furnishing proxy materials to stockholders primarily over the internet. We believe that this process expedites stockholders' receipt of proxy materials, lowers the costs of our Annual Meeting and conserves natural resources. On or about October 22, 2013, we mailed our stockholders a notice that includes instructions on how to access our Proxy Statement and Annual Report on Form 10-K for the fiscal year ended June 30, 2013 (the "Annual Report") and how to vote online. The notice also included instructions on how you can request a paper copy of the proxy materials, including the Notice of Annual Meeting, Proxy Statement and proxy card or written voting instruction form.

Details regarding admission to the Annual Meeting and the business to be conducted at the Annual Meeting are described in this Notice of Annual Meeting and Proxy Statement. A copy of our Annual Report is included with the Proxy Statement for those stockholders who are receiving paper copies of the proxy materials.

Please use this opportunity to take part in the affairs of Telenav by voting on the business to come before this meeting. Regardless of whether you plan to attend the meeting, I urge you to vote your proxy as soon as possible. Returning the proxy card does not deprive you of your right to attend the meeting and to vote your shares in person, and may save us from incurring additional proxy solicitation costs.

Thank you for your ongoing support of Telenav. We look forward to seeing you at our Annual Meeting.

**PROXY STATEMENT
FOR 2013 ANNUAL MEETING OF STOCKHOLDERS
INTERNET AVAILABILITY OF PROXY MATERIALS**

We are furnishing proxy materials to our stockholders primarily via the internet. On or about October 22, 2013, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our Proxy Statement, our Annual Report on Form 10-K for the fiscal year ended June 30, 2013 (“Annual Report”), form of proxy card or written voting instruction form (collectively, the “proxy materials”). Stockholders will have the ability to access the proxy materials on the Internet, or to request a printed set of the proxy materials by mail by following the instructions in the Notice of Internet Availability of Proxy Materials. By furnishing a Notice of Internet Availability of Proxy Materials and access to our proxy materials by the Internet, we expect to lower the costs and reduce the environmental impact of our Annual Meeting.

The Notice of Internet Availability of Proxy Materials also provides instructions on how you may request that we send future proxy materials to you by electronic mail or by mail in printed form. If you choose to receive future proxy materials by electronic mail, you will receive an electronic mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by electronic mail or in printed form will remain in effect until you terminate it. We encourage you to choose to receive future proxy materials by electronic mail, which will allow us to provide you with the information you need in a more timely manner, will save us the cost of printing and mailing documents to you and will conserve natural resources.

**QUESTIONS AND ANSWERS
ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING**

Q: Why am I receiving these materials?

A: Our board of directors has made these materials available to you on the internet or is providing printed proxy materials to you in connection with the solicitation of proxies for use at our annual meeting of stockholders, which will take place on Tuesday, December 3, 2013 at 9:00 a.m. Pacific Time, at our headquarters located at 950 De Guigne Drive, Sunnyvale, California 94085 (the “Annual Meeting”). As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement.

Q: What items of business will be voted on at the Annual Meeting?

A: The items of business scheduled to be voted on at the Annual Meeting are:

- to elect two Class I directors to serve for a term of three years or until their respective successors are duly elected and qualified.
- to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2014 (“fiscal 2014”).

We will also consider any other business that properly comes before the Annual Meeting.

Q: How does the board of directors recommend that I vote?

A: Our board of directors recommends that you vote your shares:

- “FOR” each of the Class I nominees to the board of directors.
- “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

Q: What information is contained in these proxy materials?

A: You are receiving the proxy materials, which relate to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and most highly paid executive officers, corporate governance and information on our board of directors and certain other required information. Our Annual Report includes information about our business, financial condition and the risks we face.

Q: What shares can I vote?

A: Each share of our common stock issued and outstanding as of the close of business on October 4, 2013 (the “Record Date”) is entitled to be voted on all items being voted on at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On the Record Date there were 38,930,527 shares of our common stock issued and outstanding.

Q: How many votes am I entitled to per share?

A: For all matters described in this proxy statement for which your vote is being solicited, you are entitled to one vote for each share of common stock held as of the Record Date.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most of our stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the *stockholder of record*, and we sent the proxy materials directly to you. As the *stockholder of record*, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. You may also vote on the internet or by telephone, as described in the proxy materials and below under the heading “How can I vote my shares without attending the Annual Meeting?”

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust, or other similar organization you are considered the *beneficial owner* of shares held *in street name*, and the proxy materials were forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, bank, trustee, or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the internet or by telephone, as described in the proxy materials and below under the heading “How can I vote my shares without attending the Annual Meeting?”

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank, trustee, or nominee that holds your shares, giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the internet by following the instructions provided in the proxy materials, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the internet by following the instructions provided in the proxy materials, or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee, or nominee.

Q: Can I change my vote or revoke my proxy?

A: You may change your vote at any time prior to the taking of the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by: (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to our Corporate Secretary at Telenav, Inc., 950 De Guigne Drive, Sunnyvale, California 94085 prior to your shares being voted, or (3) attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either among our employees or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to our management.

Q: How can I attend the Annual Meeting?

A: You are entitled to attend the Annual Meeting only if you were a stockholder as of the Record Date or you hold a valid proxy for the Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement for the period including the Record Date, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership.

If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the Annual Meeting. For security reasons, you and your bags will be subject to search prior to your admittance to the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card, or, if you vote by telephone or internet, by indicating your plans when prompted.

The meeting will begin promptly at 9:00 a.m. Pacific Time on December 3, 2013.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: A majority of our issued and outstanding shares of common stock must be present in person or represented by proxy in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you are present and vote in person at the meeting or have properly submitted a proxy card. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote "FOR" all or some of the nominees or your vote may be "WITHHELD" with respect to one or more of the nominees.

For the other item of business, you may vote "FOR," "AGAINST," or "ABSTAIN." If you elect to "ABSTAIN," the abstention has the same effect as a vote "AGAINST." If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the board of directors.

Q: What is the voting requirement to approve each of the proposals?

A: A plurality of the votes cast is required for the election of the directors. The affirmative “FOR” vote of a majority of the votes cast on the proposal is required to approve the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2014.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker non-votes.” Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

Q: Is cumulative voting permitted for the election of directors?

A: No. You may not cumulate your votes for the election of directors.

Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than the items of business described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Dr. HP Jin and Michael Strambi, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Q: Who will serve as inspector of elections?

A: The inspector of elections will be our Vice President, Finance, Jeffrey Calvello. Broadridge Financial Solutions, Inc. will assist the inspector of elections with tabulating the votes.

Q: Who will bear the cost of soliciting votes for the Annual Meeting?

A: We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the internet, you are responsible for internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and publish them on our website at <http://investor.telenav.com>. We will also disclose voting results on a Form 8-K filed with the

Securities and Exchange Commission (the “SEC”) within four business days after the Annual Meeting, which will also be available on our website.

Q: How can I contact Telenav’s transfer agent?

A: You can contact our transfer agent by either writing Computershare Trust Company, N.A., P.O. Box 43070, Providence, RI 02940, or by telephoning (800) 962-4284.

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: We have adopted a procedure called “householding,” which the SEC has approved. Under this procedure, we deliver a single copy of the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the proxy materials, you may write, email or call us at the following address, email address and phone number:

Sunnyvale, California 94085
Email: IR@telenav.com
Tel: (408) 245-3800
Fax: (408) 245-0238

Stockholders who hold shares through a stockbroker, bank or other nominee may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Q: What is the deadline to propose actions for consideration at next year’s annual meeting of stockholders or to nominate individuals to serve as directors?

A: *Stockholder Proposals:* Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2014 Annual Meeting of Stockholders, our Corporate Secretary must receive the written proposal at our principal executive offices no later than August 31, 2014; provided, however, that in the event that we hold our 2014 Annual Meeting of Stockholders more than 30 days before or 60 days after the one-year anniversary date of the Annual Meeting, we will disclose the new deadline by which stockholder proposals must be received under Item 5 of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Telenav, Inc.
Attn: Corporate Secretary
950 De Guigne Drive
Sunnyvale, California 94085
Tel: (408) 245-3800
Fax: (408) 245-0238

Advanced Notice Procedures: Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders, but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is: (1) specified in the notice of a meeting given by or at the direction of our board of directors, (2) otherwise properly brought before the meeting by or at the direction of our board of directors, or (3) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2014 Annual Meeting of Stockholders, our Corporate Secretary must receive the written notice at our principal executive offices:

- no earlier than August 1, 2014, and
- not later than the close of business on August 31, 2014.

In the event that we hold our 2014 Annual Meeting of Stockholders more than 30 days before or 60 days after the one-year anniversary date of the 2013 Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the 120th day prior to such annual meeting, and not later than the close of business on the later of the following two dates:

- (i) the 90th day before such annual meeting, or
- (ii) the 10th day following the day on which public announcement of the date of such meeting is first made.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates: You may propose director candidates for consideration by our board of directors. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors, and should be directed to our Corporate Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see "*Corporate Governance—Process for Recommending Candidates for Election to the Board of Directors*" on page 13.

To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under "Advanced Notice Procedures" for stockholder proposals that are not intended to be included in our proxy statement.

Copy of Bylaw Provisions: A copy of our bylaws may be obtained by accessing our filings on the SEC's website at <http://www.sec.gov> or by requesting a copy through our website at <http://investor.telenav.com/tools.cfm>. You may also contact our Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

In June 2009, our board of directors adopted a Code of Business Conduct and Ethics for all employees, officers and directors. The full texts of our Code of Business Conduct and Ethics are posted on our website at the investor relations portion of our website, <http://investor.telenav.com>. We intend to disclose future amendments to our Code of Business Conduct and Ethics, or certain waivers of such provisions, at the same location on our website identified above and also in public filings.

In June 2009, our board of directors also adopted a Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers. The full texts of our Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers will be posted on our website at the investor relations portion of our website, <http://investor.telenav.com>. We intend to disclose future amendments to our Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers, or certain waivers of such provisions, at the same location on our website identified above and also in public filings.

Director Independence

In August 2013, our board of directors undertook a review of the independence of the directors and considered whether any director has a material relationship with us that could compromise the ability to exercise independent judgment in carrying out his responsibilities. In making that determination, our board of directors considered all relevant facts and circumstances.

With respect to Mr. Xie, our board of directors specifically considered the following: Mr. Xie is the president and chief executive officer of Fortinet, Inc. ("Fortinet"). From May 2009 through November 2011, we made payments totaling approximately \$840,000 to Fortinet in connection with our sublease of certain office premises. Our board of directors concluded that the foregoing relationship would not compromise Mr. Xie's ability to exercise independent judgment in carrying out his responsibilities as a director.

As a result of this review, our board of directors determined that each of Messrs. Carolan, Chen, Chiu, Xie and Zaelit are "independent directors" as defined under the rules of the NASDAQ Global Market, constituting a majority of independent directors of our board of directors as required by the rules of the NASDAQ Global Market.

Board Composition

Our board of directors is currently composed of six members. Our bylaws permit our board of directors to establish by resolution the authorized number of directors and six directors are currently authorized.

Each class of directors is elected for a three-year term to succeed the class whose term is then expiring. The terms of the directors expire upon the election and qualification of successor directors at the annual meeting of stockholders to be held during 2013 for the Class I directors, 2014 for the Class II directors and 2015 for the Class III directors.

The following table sets forth the classes, names, ages and positions of our directors as of October 4, 2013:

Class I Directors	Age	Position
Samuel Chen(1)	62	Director
Hon Jane (Jason) Chiu(1),(2)	57	Director
Class II Directors		
Shawn Carolan(2)	39	Director
Ken Xie	50	Director
Class III Directors		
Dr. HP Jin	49	Chairman of the Board, President and Chief Executive Officer
Joseph M. Zaelit(1)	68	Director

(1) Member of the audit committee.

(2) Member of the compensation committee.

Board Leadership Structure

Our board of directors believes that our chief executive officer is best situated to serve as our chairman of the board, because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the industry, while our chief executive officer brings company-specific experience and expertise. Our board of directors believes that the combined role of chairman of the board and chief executive officer promotes strategy development and execution, and facilitates information flow between management and our board of directors, which are essential to effective governance.

One of the key responsibilities of our board of directors is to develop strategic direction and hold management accountable for the execution of strategy once it is developed. Our board of directors believes the combined role of chairman of the board and chief executive officer, together with our independent directors, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Our board of directors has considered the independence and other characteristics of each member of our audit committee. Our board of directors believes that the composition of the audit committee meets the requirements for independence under the current requirements of the NASDAQ Global Market and SEC rules and regulations. We believe that the audit committee charter and the functioning of the audit committee comply with the applicable requirements of the NASDAQ Global Market and SEC rules and regulations. Our audit committee also serves as our qualified legal compliance committee. We intend to comply with future requirements to the extent they become applicable to us.

The audit committee held four meetings during fiscal 2013 and acted one time by written consent. The audit committee has adopted a written charter approved by the board of directors, which is available on our website at <http://investor.telenav.com/governance.cfm>.

The compensation committee held four meetings during fiscal 2013 and acted four times by written consent.

Compensation Committee Interlocks and Insider Participation

During fiscal 2013, our compensation committee consisted of Messrs. Carolan and Chiu. None of the members of the compensation committee has at any time been one of our officers or employees. None of our executive officers serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or compensation committee.

Board’s Role in Risk Oversight

Our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. With the oversight of our full board of directors, our senior management is responsible for the day-to-day management of the material risks we face. In its oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our board of directors holds strategic planning sessions with senior management to discuss strategies, key challenges, risks and opportunities for us. This involvement of the board of directors in setting our business strategy is a key part of its oversight of risk management, its assessment of management’s appetite for risk, and its determination of what constitutes an appropriate level of risk for us. Additionally, our board of directors regularly receives updates from senior management and outside advisors regarding certain risks we face, including various operating risks. Our senior management attends meetings of our board of directors and its committees on a quarterly basis, and as is otherwise needed, and are available to address any questions or concerns raised by the board on risk management and any other matters.

Each of our board committees oversees certain aspects of risk management and reports their findings to the full board of directors on a quarterly basis, and as is otherwise needed. Our audit committee is

responsible for overseeing risk management of financial matters, financial reporting, the adequacy of our risk-related internal controls, internal investigations, and enterprise risks, generally. Our compensation committee oversees risks related to compensation policies and practices, and is responsible for establishing and maintaining compensation policies and programs designed to create incentives consistent with our business strategy that do not encourage excessive risk-taking.

In connection with its oversight of compensation-related risks, our compensation committee has reviewed an assessment by management of our compensation programs and practices for its employees, including its executive and non-executive programs and practices. In its review, the compensation committee evaluated whether our policies and programs encourage unnecessary or excessive risk-taking and controls, and how such policies and programs are structured with respect to risks and rewards, as well as controls designed to mitigate any risks. As a result of this review, the compensation committee determined any risks that may result from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on us.

Additional review or reporting on enterprise risks is conducted as needed or as requested by the board of directors or a committee thereof.

Process for Recommending Candidates for Election to the Board of Directors

Because our board of directors only has one member who is not independent, our board of directors does not feel there is a strong need for a nominating and governance committee. Instead, director candidates are selected by a majority of our independent directors, based on suggestions from our board members, management and certain stockholders. The board of directors may also retain third-party executive search firms to identify independent director candidates from time to time. It is the policy of the board of directors to consider recommendations for candidates to the board of directors from stockholders holding at least 1% of our outstanding shares of common stock continuously for at least 12 months prior to the date of the submission of the recommendation. The independent directors of our board of directors will consider persons recommended by our stockholders in the same manner as a nominee recommended by the board of directors, individual board members or management.

A stockholder that desires to recommend a candidate for election to the board of directors should send the recommendation in writing to 950 De Guigne Drive, Sunnyvale, CA 94085; Attn: Corporate Secretary. This written recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, information regarding any relationships between us and the candidate within the last three years and evidence of the required ownership of our common stock by the recommending stockholder. Such recommendation must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for membership on our board of directors, including issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and personal references.

In accordance with the advance notice provisions in our bylaws, director nominations to be considered at any annual meeting of stockholders must be received not less than 45 days, and not more than 75 days, prior to one-year anniversary of the date on which we first mailed proxy materials, or a notice of availability of proxy materials (whichever is earlier), to stockholders in connection with the preceding year's annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then, in order for notice by

the stockholder to be timely, it must be received by our Corporate Secretary not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting, or (ii) the tenth day following the day on which Public Announcement (as defined below) of the date of such annual meeting is first made. "Public Announcement" means disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by us with the SEC pursuant to Section 13, 14 or 15(d) of the Exchange Act. To be timely for a special meeting, such notice must be received by our Corporate Secretary at our offices at 950 De Guigne Drive, Sunnyvale, CA 94085 not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which Public Announcement is first made of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting. This means that for purposes of our 2013 Annual Meeting of Stockholders, such nominations must have been received no sooner than July 28, 2013, and no later than August 27, 2013.

Where the board of directors has either identified a prospective nominee or determines that an additional or replacement director is required, the board of directors may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the board or management. While we do not have a formal diversity policy for board membership, the board of directors seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of our board of directors' deliberations and decisions. In its evaluation of director candidates, including the members of the board of directors eligible for re-election, the board of directors considers a number of factors, including the following:

- the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors;
- such factors as issues of character, judgment, independence, diversity, age, expertise, diversity of experience, length of service, other commitments and potential conflicts of interest; and
- such other factors as the board of directors may consider appropriate.

The board of directors has also specified the following minimum qualifications to be satisfied by any nominee for a position on the board of directors:

- predominantly independent;
- of high integrity;
- have qualifications that will increase overall effectiveness of the board of directors; and
- meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

After completing the evaluation and review, the board of directors makes a recommendation to the independent members of the board of directors as to the persons who should be nominated to the board of directors, and the independent members of the board of directors determine and approve the nominees after considering the recommendation and report of the board of directors and management.

Attendance at Annual Meetings of Stockholders by the Board of Directors

Although we do not have a formal policy regarding attendance by members of the board of directors at our annual meeting of stockholders, we encourage, but do not require, directors to attend. Last year, one director attended our annual meeting of stockholders.

Contacting the Board of Directors

In cases where stockholders wish to communicate with the board of directors or any individual member of the board of directors, messages can be sent to our General Counsel, at Telenav, Inc., 950 De Guigne Drive, Sunnyvale, CA 94085, Attn: General Counsel. Our General Counsel monitors these communications and will provide a summary of all received messages to the board of directors at each regularly scheduled meeting of the board of directors. Where the nature of a communication warrants, our General Counsel may determine, in his judgment, to obtain the more immediate attention of the appropriate committee of the board of directors, a non-management director, independent advisor or management, as our General Counsel considers appropriate. Our General Counsel may decide in the exercise of his judgment whether a response to any stockholder communication is necessary.

In October 2012, our compensation committee approved the amendment of our 2009 Equity Incentive Plan to provide for the automatic, nondiscretionary grant of restricted stock units (“RSUs”) to our nonemployee directors in lieu of stock options. Each individual who first joins our board of directors as a nonemployee director will receive, at the time of such initial election or appointment, an automatic RSU for a numbers of shares equal to \$40,000 divided by the fair market value of our common stock on the grant date, rounded down to the nearest share, provided such person has not previously been in our employ. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for fiscal 2013 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview. The compensation committee of our board of directors is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The committee seeks to ensure that the total compensation paid to our executive officers is fair and reasonable. Currently, we have six executive officers. Details of our fiscal 2013 compensation for our chief executive officer, chief financial officer and the three other most highly compensated executive officers, to whom we refer to as the named executive officers, can be found in the section entitled “*Executive Compensation—Fiscal 2013 Summary Compensation Table.*” We provide types of compensation and benefits to our named executive officers similar to those we provide to our other executive officers and senior managers.

This section describes our compensation program for our executive officers. The discussion focuses on our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. We address why we believe our compensation program is appropriate for us and our stockholders and explain how executive compensation is determined.

At our annual meeting in 2011, our stockholders approved the advisory proposal on executive compensation. The stockholders also approved holding advisory votes on executive compensation once every three years. We will next seek a stockholder advisory vote on executive compensation at our annual meeting in 2014. Although none of the compensation committee’s subsequent actions or decisions with respect to the compensation of our executive officers were directly attributable to the results of the vote, the compensation committee took the vote outcome into consideration in the course of its deliberations and expects to continue to do so with respect to future advisory votes concerning executive compensation.

Compensation Philosophy and Objectives. Historically, our compensation philosophy was to preserve cash and minimize expenses while rewarding the creation of long term stockholder value. Since becoming a public company, we have slowly shifted our compensation philosophy from a design more closely resembling that of a private company to one more suitable for a public company. As our organizational priorities continue to evolve, we intend to re-evaluate as circumstances dictate, at least on an annual basis, each component of our executive compensation program on a quantitative and qualitative basis to determine if the program is achieving its objectives.

Our executive compensation program seeks to attract talented, qualified executives to manage and lead our company and to motivate them to pursue and achieve our corporate objectives. We have created a compensation program that includes short term and long term components, cash and equity elements, and performance contingent payments in proportions that we believe will provide appropriate incentives to reward and retain our executives.

Our philosophy towards executive compensation reflects the following principles:

- *Total compensation opportunities should be competitive.* We believe that our total compensation programs should be competitive so that we can attract, retain and motivate talented executive officers who will help us to perform better than our competitors.
- *Total compensation should be related to our performance.* We believe that a significant portion of our executive officers' total compensation should be linked to achieving specified financial and business objectives that we believe will create stockholder value and provide incentives to our officers to work as a team.
- *Total compensation should be related to individual performance.* We believe that executive officers' total compensation should reward individual performance achievements and encourage individual contributions to achieve exceptional performance.
- *Equity awards help executive officers think like stockholders.* We believe that our executive officers' total compensation should have a significant equity component because stock based equity awards help reinforce the executive officer's long term interest in our overall performance and thereby align the interests of the executive officer with the interests of our stockholders.

Based on these philosophies, we seek to reward our executive officers as and when we achieve our goals and objectives and to generate stockholder returns by giving significant weight to performance-based compensation. While ensuring that appropriate risk management measures are implemented by our executive officers, a significant portion of the compensation for our executive officers is at risk based on the achievement of established goals, which we believe aligns their interests with the interests of our stockholders.

Role of the Compensation Committee and Executive Officers in Setting Executive Compensation. The compensation committee of our board of directors has overall responsibility for recommending to our board of directors the compensation of our chief executive officer and determining the compensation of our other executive officers. Members of the committee are appointed by the board of directors. Currently, the committee consists of two members of the board of directors, Messrs. Carolan and Chiu. Our board of directors determined that each member of our compensation committee was and remains an outside director for purposes of Section 162(m), a nonemployee director for purposes of Rule 16b-3 under the Exchange Act and an independent director as that term is defined under the Financial Industry Regulatory Authority ("FINRA") rules.

The compensation committee operates under a written charter adopted by the board of directors, which establishes the duties and authority of the compensation committee. Copies of our compensation committee charter are available on our website at <http://investor.telenav.com/governance.cfm>.

The fundamental responsibilities of our compensation committee are:

- to provide oversight of our compensation policies, plans and benefit programs including reviewing and making recommendations to our board of directors regarding compensation plans, as well as general compensation goals and guidelines for our executive officers and the board of directors;
- to review and determine all compensation arrangements for our executive officers (including our chief executive officer) and to allocate total compensation among the various components of executive pay;

- to review and approve all equity compensation awards to our executive officers (including our chief executive officer); and
- to oversee and direct our equity compensation plans, including the 1999 Stock Option Plan, the 2002 Executive Stock Option Plan, the 2009 Equity Incentive Plan and the 2011 Stock Option and Grant Plan, as applicable to all of our employees.

The compensation committee has the authority to engage the services of outside consultants, and it retained Compensia, Inc. (“Compensia”), an independent compensation consulting firm with substantial experience in the technology sector, as its compensation consultant in August 2012 to advise the compensation committee in matters related to executive and director compensation for fiscal and calendar 2013. Historically, we have set and paid compensation to our executive officers on a calendar rather than fiscal year basis.

In determining each executive officer’s compensation, our compensation committee reviews our corporate financial performance and financial condition and assesses the performance of the individual executive officers. The evaluation of individual performance is done by the compensation committee, in the case of the chief executive officer, and by the chief executive officer, in the case of other executives. The chief executive officer meets with the compensation committee to discuss executive compensation matters and to make recommendations to the compensation committee with respect to other executives. The compensation committee may modify individual compensation components for executives other than the chief executive officer after reviewing the chief executive officer’s recommendations. The committee is not bound to and does not always accept the chief executive officer’s recommendations. The compensation committee also reviews the chief executive officer’s performance and confers with the full board of directors (excluding the chief executive officer). The compensation committee then makes all final compensation decisions for executive officers and approves any equity incentive awards for all of our executive officers. In addition, it is the committee’s practice to consult with the independent members of the board of directors prior to making material changes to our compensation policies.

Although we historically have made many compensation decisions in the first quarter of the calendar year, the compensation evaluation process is ongoing. In fiscal 2013 and fiscal 2014, we have moved our entire compensation evaluation process to the first quarter of our fiscal year and have adopted fiscal year bonus plans. Compensation discussions and decisions are designed to promote our fundamental business objectives and strategy. Evaluation of management performance and rewards are performed annually or more often as needed. The compensation committee has the discretion to (i) increase, reduce or eliminate an executive officer’s bonus award and/or (ii) increase an executive officer’s base salary in connection with a promotion or increased responsibilities during the year in the event that it determines that circumstances warrant. With regard to the bonus plan, the compensation committee may in its sole discretion determine the amount of any reduction on the basis of such factors as it deems relevant. In addition, pursuant to the compensation committee charter, the compensation committee is authorized to take steps to modify any executive compensation program that yields payments and benefits that are not reasonably related to executive and corporate performance. There are no limits on the amounts of such modification. Base salaries may be decreased with the agreement of the executive officer.

Third Party Analysis of Compensation. In August 2012, our compensation committee engaged Compensia to evaluate our current levels and types of compensation for executive officers and to recommend appropriate changes. Among other activities, Compensia:

- assisted us in identifying a group of peer companies for purposes of benchmarking our levels of compensation;
- gathered and analyzed compensation data from those peer companies as well as from other available compensation surveys; and
- assisted us in structuring awards as part of the equity incentive element of our compensation program, including assisting us in establishing appropriate amounts for equity incentive awards.

As part of the annual executive compensation assessment, Compensia reviewed companies comparable to us with respect to revenue, headcount, capitalization, state of development, and/or industry or technological focus. Compensia reviewed our existing compensation peer group and revised the list based on certain financial and industry characteristics to better align with our current size and growth. For purposes of our fiscal 2013 compensation decisions, the benchmark publicly traded companies considered by our compensation committee and Compensia, as our 2013 peer companies, were as follows:

- | | |
|-------------------------|------------------------------|
| • 8x8 | • inContact |
| • Broadsoft | • Iridium Communications |
| • CalAmp | • Keynote Systems |
| • Cogent Communications | • KVH Systems |
| • Digi International | • Limelight Networks |
| • DigitalGlobe | • MRV Communications |
| • EasyLink Services | • Neutral Tandem |
| • GeoEye | • SureWest Communications |
| • Globecom Systems | • Telecommunications Systems |
| • Harmonic | |

Compensia's review concluded, and our compensation committee concurred, that our historic compensation practices placed us within the market range of the comparable companies but below median in all categories other than long term equity compensation. In particular, Compensia and our compensation committee concluded that:

- Our base salary levels placed us at approximately the 40th percentile of our peer companies;
- Our aggregate cash incentive compensation was in a range approximating the 50th percentile of our peer companies except for our CEO and CFO, which approximated closer to the 25th percentile;
- Our equity incentive awards from the prior year placed us approximately at the 60th percentile of our peer companies; and
- Our overall compensation levels consider not only the peer company compensation levels but also reflect the unique job scope performed by many of the executives.

The compensation committee concluded that the calendar 2012 base salaries plus bonus potential would enable our executive officers' aggregate base salary and bonus in calendar 2012 to fall approximately within the 25th percentile of the fiscal 2013 peer companies.

In preparation for our upcoming compensation assessment we have asked Compensia to review and, as appropriate, update our peer companies for fiscal 2014. Compensia utilized our previously approved companies and made revisions to further refine our peer group to match our size, organization complexity, growth, as well as align our interests with more carrier-focus companies. Primary factors considered in revising the current peer list were company type, business focus, revenue and growth, market capitalization, and location.

For purposes of our fiscal 2014 compensation decisions, the benchmark publicly traded companies to be considered by our compensation committee and Compensia, as our fiscal 2014 peer companies, will be as follows:

- 8x8
- Broadsoft
- CalAmp
- Digi International
- Globecom Systems
- Harmonic
- inContact
- iPass
- Iridium
- Keynote Systems
- KVH Systems
- Limelight Networks
- Live Person
- LogMeIn
- Market TO
- Millennial Media Synacor
- MRV Communications
- Neutral Tandem
- Telecommunications Systems

In addition to reviewing our compensation practices relative to previous comparable 2013 peer companies, our compensation committee gave substantial consideration to the incentive value, both as a performance incentive and a retention incentive, of current cash and equity incentive programs for our executive officers. Our historic cash incentive programs have consisted exclusively of bonuses approved pursuant to annual plans, such as our Short Term Incentive Bonus Plan, from time to time based on financial performance or other metrics the compensation committee determined relevant. For our executive officers, these bonus targets generally totaled approximately 60% of base salary, other than for Dr. Jin, whose bonus target is now 100% of base salary. Historically, we have adopted Short Term Incentive Bonus Plans that covered the calendar year, rather than our fiscal year. Commencing July 1, 2013, our compensation committee adopted cash incentive plans that will run the length of our fiscal year. In order to facilitate the transition, we adopted a six month Short Term Incentive Program that ran from January 1, 2013 to June 30, 2013. The compensation committee intends to continue to evaluate the compensation levels and anticipates that it may approve increases in compensation. The market for executive talent in technology companies is very competitive, particularly in Silicon Valley, where we have historically looked to hire a substantial number of our executive officers and key employees.

Employment Agreements. In September 2009, our compensation committee received a report from Compensia regarding our employment agreements versus the initial comparable companies, which are described above under the caption “*Executive Compensation—Compensation Discussion and Analysis—Third Party Analysis of Compensation.*” In September and October 2009, the compensation committee discussed and approved our entering into employment agreements with each of our executive officers providing for benefits payable in the event the executive officer is involuntarily terminated other than for Cause or resigns for Good Reason within a two month period before or a 12 month period after a Change of Control (as such terms are described in the section entitled “*Executive Compensation—Potential Payments Upon Termination or Change of Control*”). From time to time, our board of directors may consider the possibility of an

acquisition of us by other companies or other change of control transactions. We recognize that such consideration can be a distraction to our executive officers and could cause them to consider alternative employment opportunities. Our compensation committee believes that providing severance and change of control benefits to our executive officers is imperative to ensure their continued dedication and objectivity, notwithstanding the possibility of a change of control, to provide them with an incentive to continue employment and motivate them to maximize stockholder value in the event of a change of control, and to provide them with enhanced financial security. Under the agreements approved by our compensation committee, each of our executive officers will be entitled to receive, if his employment is terminated in the circumstances described, not more than two months prior to or more than 12 months after a Change of Control, the following benefits: (i) cash severance equal to 12 months of base salary (with the exception of Dr. Jin, who is entitled to receive 18 months of base salary); (ii) bonus payment equal to his target bonus as in effect for the fiscal year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee); (iii) continued coverage under our benefit plans for 12 months (or 18 months with respect to Dr. Jin); and (iv) accelerated vesting of 100% of any then unvested equity incentive awards. Our then existing employment agreements with Messrs. Hillberg and Wahla were also amended and restated to provide for the benefits set forth above.

In the absence of a Change of Control, under the employment agreements, if we terminate an executive officer's employment other than for Cause, death or disability two months prior or 12 months after a Change of Control, then such executive officer will be entitled to receive: (i) a lump sum severance payment in an amount equal to six months of base salary (or 12 months with respect to Dr. Jin); (ii) a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee); and (iii) continued coverage under our benefit plans for six months (or 12 months with respect to Dr. Jin).

See the section entitled "*Executive Compensation—Employment Agreements*" or "*Executive Compensation—Potential Payments Upon Termination or Change of Control*" for a further description of agreements with and the tables setting forth the potential payments to be made to each named executive officer and definitions of key terms under these agreements.

Components of Executive Compensation. Our executive compensation program consists of the following components: base salary; short term incentive ("STI") compensation, consisting of cash bonuses; and long term equity-based incentive awards. We believe that each individual component is useful in achieving one or more of the objectives of our program. Together, we believe these components have been effective in achieving our overall objectives.

- Base salary is utilized to retain employees, reflect differences in job scope and compensate for significant responsibilities.
- Cash bonuses are utilized to encourage executives to deliver on short term corporate financial and operating goals and individual objectives, and to ensure that a meaningful portion of compensation is based upon short term performance in accordance with our performance-based pay philosophy.
- Equity awards are utilized to balance executives' short term thinking with a longer term perspective, reward for innovation, provide alignment with stockholder interests and attract and retain key talent.

Our executives' total compensation may vary from year to year based on our financial results and individual performance.

Weighting of Compensation Components. We do not use predefined ratios in determining the allocation of compensation between base salary, bonus and equity components. Rather, we set each executive's total compensation based on market conditions, geographic considerations, competitive market data and other factors. Our compensation policies related to executive compensation apply equally to all of our executive officers including our named executive officers. Differences in compensation levels among our executives generally reflect differing skill sets, experience, responsibilities and relative contributions.

The specifics of each compensation element were as follows:

Base Salary. We pay an annual base salary to each of our executives in order to provide them with a fixed rate of cash compensation during the year. Historically, we paid base salaries that we believe are below the market median for officers performing comparable jobs at comparable public companies. Based on a compensation survey that we obtained from informal reviews of compensation information gained through marketplace contacts (prior to the compensation review described under the "*Executive Compensation—Compensation Discussion and Analysis—Third Party Analysis of Compensation*" above), we believe base salary ranges for our named executive officers during fiscal 2013 were within the middle of the range for private companies and at the low end of the range for public companies. We analyzed the annual base salaries of executive officers in the information technology industry of companies predominantly headquartered in California with up to \$200 million in annual revenue.

Each year, the compensation committee (or prior to the establishment of the compensation committee, our board of directors) has considered executive compensation as part of its performance review process. We did not apply specific formulas to determine increases to the base salaries of our named executive officers, including the chief executive officer. The compensation committee increased the base salaries of any of our executive officers for fiscal 2013 based on the recommendations of the chief executive officer and the compensation committee's or the board of directors', as the case may be, view of relative performance or where an executive officer's job responsibilities changed significantly. Effective October 1, 2012, base salaries for the executive officers were as follows: Dr. HP Jin, president and chief executive officer, \$350,000 per calendar year; Michael Strambi, chief financial officer and treasurer, \$270,000 per calendar year; Salman Dhanani, co-general manager automotive business and vice president strategic partnerships, \$240,000 per calendar year; Loren Hillberg, general counsel and general manager carrier business, \$270,000 per calendar year; Dariusz Paczuski, general manager consumer business and vice president corporate marketing, \$255,000 per calendar year, and Hassan Wahla, co-general manager automotive business and vice president business development, \$255,000 per calendar year.

Bonus Plan. One of our compensation objectives is to have each executive officer's compensation tied to performance. To this end, in September 2009, we established a formal bonus plan (the "Bonus Plan") that provides for performance-based cash incentive opportunities for our employees, including each of our executive officers. Under the Bonus Plan, the compensation committee determines the performance goals applicable to any award which goals may include, without limitation, total revenue, revenue from specific product lines, subscriber metrics, cash flow; customer satisfaction, earnings; earnings per share; earnings before interest and taxes; adjusted earnings before interest, taxes, depreciation, amortization, and stock compensation ("adjusted EBITDA"), operating profit; operating efficiency; gross or operating margin and individual objectives. These objectives may change from year to year as we continue to evolve and different priorities are established, but shall be subject to the review and approval of the compensation committee. The compensation committee may select the performance goals based on GAAP or Non-GAAP results and any

actual results may be adjusted by the compensation committee for one-time items or unbudgeted or unexpected items when determining whether the performance goals have been met. The goals may be on the basis of any factors the compensation committee determines relevant, and may be on an individual, divisional, business unit or company wide basis. The performance goals may differ from participant to participant and from award to award. Our compensation committee will approve the bonus award for our chief executive officer. For all other executive officers, our compensation committee will approve the bonus award with input from our chief executive officer.

Under the Bonus Plan, at the beginning of each calendar year or performance period, the compensation committee or its delegate will set the performance metrics or targets and bonus pool under the plan and will also determine the target bonus amounts which may be awarded under the plan for all of our employees including our executive officers.

Our compensation committee maintains sole discretion to provide for cash incentive awards under the Bonus Plan in excess of the target base salary percentages if we exceed the established financial performance targets. In addition, the committee has discretion to reduce or eliminate the cash incentive awards regardless of performance. We do not currently have any policy regarding the adjustment or recovery of awards or payments if the relevant performance measures are restated or otherwise adjusted in a manner that would reduce the size of an award or payment. Awards will be reduced if we do not achieve the targets under the plan. The compensation committee may, however, approve payments of bonuses outside the plan regardless of whether performance targets have been achieved.

Until July 1, 2013, we established cash bonus compensation targets for our executive officers on a calendar rather than fiscal year basis, and as a result, a certain calendar year bonus plan would have been in effect during the first part of the fiscal year and another calendar year bonus plan would have been in effect during the remaining portion of such fiscal year. For example, during fiscal 2013, we had in effect the 2012 Short Term Incentive Bonus Plan for the six months ended December 31, 2012 and the Short Term Incentive Bonus Plan for the six months ended June 30, 2013, (the "STI Bonus Plans") each of which is a subplan of the Bonus Plan. The purpose of our STI Bonus Plans is to reward selected managers, director level and executive officers for the successful achievement of certain individual and corporate performance goals. Effective July 1, 2013, we switched to a fiscal year bonus structure.

The actual bonuses paid or payable under the STI Bonus Plans, if any, are based on our achievement of certain corporate performance goals. For calendar 2012, corporate performance was determined by six Key Performance Indicators ("KPIs"). These KPIs related to the increase in number of unique users, increase in customer visit frequency, operating efficiency and execution, strategic growth areas, and revenue. A higher weighting was given to the achievement of revenue targets. For the six months ended June 30, 2013, corporate performance was determined by two KPIs. These KPIs related to total revenue and adjusted EBITDA. The amount of each individual officer's target bonus has been set at a specified dollar amount. Actual bonuses paid are based on the computation of point values achieved on corporate KPIs and may exceed the target bonuses depending on achievement of corporate KPIs. For calendar year 2012 and the six months ended June 30, 2013, the target bonuses for all of our executive officers were based entirely (100%) on the achievement of our corporate KPIs.

In establishing our target bonuses for calendar 2012 and the six months ended June 30, 2013, the compensation committee considered management's historic performance relative to prior operating plans as well as the committee's view of the prospects for our business in fiscal 2013, fiscal 2014, and beyond. The compensation committee believed that the targets identified were attainable while requiring substantial time and attention from management to ensure continued growth of our business. In order to increase our revenue,

our chief executive officer and our business development and marketing executives need to continue the existing efforts necessary to sustain the growth initiatives that the Company has undertaken in automobile navigation, mobile advertising and premium mobile revenue and drive growth through new and existing sales channels to sell and support our services and products, particularly as we seek to expand into international markets. Our product and engineering executives need to identify and establish market opportunities to expand the number of users with access to our products and increase the usage by those users, and continue to drive innovation in connection with our products to permit us to offer features and services that are highly desirable to consumers. Our financial and operating executives need to maintain tight controls over our operating expenses while concurrently investing in our infrastructure to improve the quality of our services and in developing and deploying new services and products to increase our revenue.

We utilize GAAP and non-GAAP operating measures internally to evaluate elements of our operating performance, and in some instances exclude certain revenue, costs, gains, losses and other charges that are considered by management to be outside of the core operating results that are being measured for performance. Our operating plan is an internal, non-public financial plan approved by our board of directors at the beginning of the fiscal year and is reviewed with our board of directors at each board meeting, as well as compared against actual results on a monthly basis.

Our compensation committee creates KPIs based in part upon our operating plan and other operating metrics. The KPIs which are derived in part from the operating plan are based on management's evaluation of, among other things, growth opportunities, customer feedback and demand projections, historical revenue and trends, and industry and economic environment. The KPIs provide for opportunities to over perform our underlying operating plan, which management views as aggressive but not unattainable. Because the operating plan represents a proposed annual business plan, disclosure of our KPIs which are derived from our operating plan would be competitively harmful and confusing to investors. We do not disclose the specific revenue or adjusted EBITDA targets that must be achieved for payment of bonuses under the STI Bonus Plans because we believe it would result in competitive harm and therefore we believe it may be omitted pursuant to Instruction 4 to Item 402(b) of Regulation S-K.

Assuming corporate performance goals are met, the actual bonus to be paid to each executive officer will be as determined by the compensation committee, which evaluates and determines if the corporate performance goals were met and the computed percentage of the target bonus to be paid. Based on such performance, each executive officer may receive up to 100% or more (but not to exceed 150%) of his portion of the total bonus if the corporate performance goals are achieved. If corporate performance goals are not met, the portion of the total bonus such executive officer would otherwise be entitled to receive may be reduced. Upon the achievement of KPIs or at the discretion of our compensation committee, the actual payout may exceed 100% (but may not exceed 150%) of an executive officer's total target bonus. Our chief executive officer also has the discretion, subject to the approval of the compensation committee, to increase or decrease, up to 15%, the actual bonus paid to an executive officer. He may decrease his own bonus payout by up to 15% but is not authorized to increase the actual bonus paid to him. In addition, we have paid a nonrecoupable portion of the target bonus to executive officers, in the third quarter of each calendar year, which amount has not exceeded 30% of the target bonus. We anticipate that for fiscal 2014 this practice of paying a nonrecoupable portion of the target bonus to executive officers will continue in the third fiscal quarter. Such nonrecoupable portion of the target bonus is only paid after determining that the amount of the payments would not exceed the amount of bonus that would be expected to be paid for the year based on the KPIs achieved.

Long Term Incentives. We grant equity-based incentives to employees, including our executive officers, in order to create a corporate culture that aligns employee interests with stockholder interests. Our

long term equity compensation program consists of stock options issued under our 2002 Executive Stock Option Plan and 2009 Equity Incentive Plan, as well as RSUs issued under our 2009 Equity Incentive Plan. We also grant equity incentives to persons not employed by us prior to October 10, 2012 under our Amended and Restated 2011 Stock Option Plan (the “2011 Plan”). None of our executive officers received grants under our 2011 Plan in fiscal 2013. Our compensation committee grants equity incentives to our executive officers to enable them to participate in any long term appreciation in our stockholder value. Additionally, these equity incentives provide a means of enhancing the retention of our executive officers since the options typically vest over a period of four years and the RSUs vest over a period of one to four years.

Generally, we have granted options following an executive officer’s start date. The initial option grant to each executive officer was principally based on the prevailing range of our other executives with consideration given to the nature of the job and the individual’s experience, as well as the current market conditions relating to equity ownership of officers in similar positions at similarly situated companies. With the exception of certain of our founders, we believe our executive officers’ ownership as a percentage of total common shares outstanding is at or above median compared to both public and private companies of our size.

In fiscal 2013, as a result of market factors, we changed our approach to employee equity compensation and began to grant primarily RSUs to employees, including our executive officers. We began to grant RSUs in order to ensure that the recipient receives value for the shares regardless of fluctuations in our stock price, to similarly align the recipient’s interests with those of our stockholders, and to be competitive with market practices in the Silicon Valley.

Our compensation committee does not have any specific policy regarding the timing of equity awards and equity awards have not historically been granted regularly or automatically to our executive officers on an annual basis. Our chief executive officer and chief financial officer have historically proposed an aggregate pool of shares to be allocated among participating officers and employees worldwide and approved, with respect to each individual equity award grant, by the compensation committee or the board of directors, as the case may be. In setting the size of the proposed aggregate equity award pool, the chief executive officer and the chief financial officer take into consideration the impact of the size of the pool on share dilution, employee motivation, employee retention, expected hiring and accounting charges. The pool has not historically included an allocation for the chief executive officer. The proposals have included a division of the award pool based on a grant matrix established by employee class. The board of directors or compensation committee, as the case may be, has reviewed and discussed the award pool and approves the final grants, if any, for each individual executive officer. If a proposed grant differs materially from the grant matrix, either our chief executive officer or our chief financial officer would provide the compensation committee or the board of directors, as the case may be, with an explanation or justification for such proposal. The board of directors, without Dr. Jin participating, or compensation committee, as the case may be, also determined the size of the option grant, if any, to be granted to Dr. Jin, our chief executive officer.

It has been our practice to grant additional equity awards to employees, including our executive officers, when an individual has become substantially vested and the board of directors or compensation committee believe additional unvested equity incentives are appropriate as a retention incentive. In making its determination concerning additional option grants to our executive officers, the board of directors or compensation committee, as the case may be, has also considered, among other factors, individual performance and the size and terms of the individual’s outstanding equity grants.

In determining equity incentive awards for our executive officers, the compensation committee reviewed Compensia’s analysis of equity compensation practices within the initial comparable companies (as described above under the caption “*Executive Compensation—Compensation Discussion and Analysis—Third*”).

Party Analysis of Compensation”), the current unvested equity position of each of our executive officers, and the current value of outstanding equity awards held by our officers.

In the course of making its September 2012 determinations, the compensation committee consulted with Dr. Jin, our chief executive officer, to obtain his input and suggestions concerning proposed compensation adjustments for executive officers reporting to Dr. Jin. The committee also discussed with Dr. Jin proposals relating to Dr. Jin’s compensation, but Dr. Jin did not participate in any deliberations concerning his compensation.

In September 2012, our compensation committee approved the following one-time grants of RSUs:

Name	Shares(1)
Michael Strambi	50,000
Salman Dhanani	60,000
Dariusz Paczuski	70,000
Hassan Wahla	60,000

(1) 1/4th of the shares will vest on each anniversary of the date of grant, subject to the recipient’s continuous status as a service provider.

In September 2012, we entered into a retention agreement with Mr. Hillberg, pursuant to which we agreed to pay Mr. Hillberg a \$1.3 million retention bonus. Mr. Hillberg’s retention bonus was in lieu of granting him an RSU during fiscal 2013. In the event that Mr. Hillberg terminates his employment with us prior to the fourth anniversary of the date of the retention agreement, Mr. Hillberg would be required to repay a portion of the retention bonus, which declines as to 25% of the retention bonus per year – thus mirroring the economic benefits of an RSU. Mr. Hillberg would not be required to repay the retention bonus under certain conditions described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*” In addition, we granted Mr. Hillberg an option to purchase 70,000 shares of our common stock which began vesting on October 31, 2012 (the vesting commencement date) and vest as to three-fourths of the shares subject to the option on the third anniversary of the vesting commencement date and as to one-twelfth of the remaining shares each month thereafter on the same day of the month as the vesting commencement date.

In December 2012, our compensation committee granted Dr. Jin an option to purchase 300,000 shares of our common stock to reinforce his long term interest in our overall performance. The option will vest as to 150,000 shares when our market capitalization equals or exceeds \$500 million for 30 consecutive trading days (the “First Milestone”). The option will vest as to the remaining 150,000 shares when our market capitalization equals or exceeds \$750 million for 30 consecutive trading days (the “Second Milestone”). In the event that the Second Milestone occurs simultaneously with the First Milestone, all 300,000 shares would vest upon the occurrence of the Second Milestone. The option is subject to acceleration of vesting as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*” If no shares have vested under this award by June 30, 2017, this award will terminate unless a change of control has occurred not more than one year prior to June 30, 2017.

Benefits. Our executives participate in our standard benefit plans, which are offered to all full time U.S.-based employees and include our 401(k) plan. We maintain a 401(k) retirement plan which is intended to be a tax qualified defined contribution plan under Section 401(k) of the Internal Revenue Code. In general, all of our employees are eligible to participate in the 401(k) plan as of the first day of the first full calendar

month following the start of their employment. The 401(k) plan provides a salary deferral program pursuant to which participants may elect to reduce their current compensation by up to the statutorily prescribed limit, equal to \$17,500 in 2013 and contribute the withheld amount to the 401(k) plan. Participants over age 50 may elect to make additional elective deferral contributions, or catch-up contributions, in the statutorily prescribed limit equal to \$5,500 in 2013. We may, in our sole discretion, make discretionary profit sharing and/or matching contributions to the 401(k) plan on behalf of our employees who are eligible to participate in the 401(k) plan. To date, we have not made any profit sharing contributions but, beginning in July 2006, we began matching employee contributions to the 401(k) plan with up to 4% of an employee's salary, subject to certain vesting conditions and Internal Revenue Code limitations.

Our executives have the opportunity to participate in our health and welfare benefit programs which include a medical program, a dental program, a vision program, life insurance, disability insurance, and flexible spending accounts. These benefits are the same as those offered to all other full time U.S.-based employees. Through our benefit programs, each of our named executive officers received group term life insurance equivalent to 100% of his annual base salary. See the "*All Other Compensation*" column of the summary compensation table in this section.

Stock Ownership Guidelines. We do not currently have stock ownership guidelines.

Accounting and Tax Considerations. Section 162(m) limits the amount of compensation paid to our chief executive officer and to each of our most highly compensated officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1,000,000. Performance-based compensation that has been approved by our stockholders is not subject to the \$1,000,000 deduction limit. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, while the compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the compensation committee intends to consider tax deductibility under Section 162(m) as a factor in compensation decisions.

Compensation Committee Report

The compensation committee oversees our compensation policies, plans and benefit programs. The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement on Schedule 14A.

Respectfully submitted by the members of the Compensation Committee of the Board of Directors

Shawn Carolan (Chairman)

Hon Jane (Jason) Chiu

Pension Benefits & Nonqualified Deferred Compensation

We do not provide a pension plan for our employees and no named executive officers participated in a nonqualified deferred compensation plan during fiscal 2013.

Employment Agreements

We currently have employment agreements or change of control agreements with each of our executive officers. The employment agreements with our executive officers provide for at will employment, base salary, term of the agreement, eligibility to participate in any of our bonus plans or programs, standard employee benefit plan participation and eligibility to receive stock option grants. The employment agreements contain certain severance and change of control benefits in favor of the executives.

Dr. HP Jin. In October 2009, we entered into an employment agreement with Dr. Jin. The agreement sets forth an initial annual base salary of \$200,000, subject to review. He is eligible to participate in all of our bonus plans and programs and employee benefit plans. He is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that Dr. Jin is an at will employee and his employment may be terminated at any time by us or Dr. Jin. Provided the agreement is not terminated earlier pursuant to its terms, the agreement provides for an initial term of three years with automatic one year renewals unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal. In addition, Dr. Jin is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

Michael W. Strambi. In March 2012, we entered into an employment agreement with Mr. Strambi. In the event that Mr. Hillberg terminates his employment with us prior

to the fourth anniversary of the date of the retention agreement, Mr. Hillberg would be required to repay a portion of the Retention Bonus. The repayment obligation lapses as to 25% on each anniversary of the date of retention agreement. In addition, Mr. Paczuski is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

Hassan Wahla. In October 2009, we entered into an amended and restated employment agreement with Mr. Wahla. The amended and restated agreement sets forth an initial annual salary of \$180,000, subject to review. He is also eligible to participate in all of our bonus plans and programs and employee benefit plans. He is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that he is an at will employee and his employment may be terminated at any time by us or Mr. Wahla. Provided the agreement is not terminated earlier pursuant to its terms, the agreement provides for an initial term of three years with automatic one year renewals unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal. In addition, Mr. Wahla is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

Potential Payments Upon Termination or Change of Control

We have entered into employment agreements that require specific payments and benefits to be provided to our executive officers in the event of termination of employment. The description and table that follow describe the payments and benefits that may be owed by us to each of our executive officers upon the executive officer’s termination under certain circumstances.

Provided the employment agreement is not terminated earlier pursuant to its terms, in the event of a Change of Control (as defined below), the agreement provides for an automatic extension of the term of the agreement through the 18 month anniversary of such Change of Control with automatic one year renewals after the 18 month anniversary of the Change of Control unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal.

The employment agreements with each of our executive officers provide that, if we terminate the executive officer’s employment for Cause (as defined below), death or disability or if the executive officer terminates his employment other than for Good Reason (as defined below) upon or within a two month period before or a 12 month period after a Change of Control, we must pay the executive any base salary earned but not paid through the date of the executive officer’s termination, any earned but unpaid bonus and severance

benefits in accordance with our policies then in effect, if any, and the vesting of all of the executive's outstanding equity awards will cease on the date of the executive officer's termination.

The employment agreements with each of our executive officers provide that, if we terminate the executive officer's employment other than for Cause, death or disability, and the termination is not upon or within a two month period before or a 12 month period after a Change of Control, then such executive officer will receive a lump sum severance payment equivalent to a percentage of the executive's base salary then in effect, a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee), and continued coverage under our benefit plans for a specified period of time.

The employment agreements with each of our executive officers provide that, if we terminate the executive officer's employment other than for Cause, death or disability or if the executive officer terminates his employment for Good Reason, and the termination is upon or within a two month period before or a 12 month period after a Change of Control, then such executive officer will receive a lump sum severance payment equivalent to a percentage of the executive officer's base salary then in effect, a lump sum bonus payment equal to his target bonus as in effect for the fiscal year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee), continued coverage under our benefit plans for a specified period of time and acceleration of 100% of the unvested equity awards held by such executive officer.

The employment agreements provide that the executive officers will not resign for Good Reason without first providing us with written notice of the acts or omissions constituting the grounds for Good Reason within 90 days of the initial existence of the grounds for Good Reason and a reasonable cure period of not less than 30 days following the date of such notice.

In order to receive the severance benefits described above, the executive officer is obligated to refrain from soliciting our employees to leave our company for a one year period, continue to observe and maintain the confidentiality of all confidential and proprietary information and provide us with an executed separation agreement and release of claims.

In the event any payment to one of our executive officers under his employment agreement is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), such executive officer will be entitled to receive such payment as would entitle him to receive the greatest after tax benefit of either the full payment or a lesser payment which would result in no portion of such severance benefits being subject to excise tax.

For the purpose of our employment agreements with our executive officers, "Change of Control" means the occurrence of any of the following:

- (i) the acquisition by any one person, or more than one person acting as a group (for these purposes, persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with us), or Person, that becomes the owner, directly or indirectly, of our securities representing more than 50% of the total voting power represented by our then outstanding securities; provided, however, that for the purposes of this subsection (i), the acquisition of additional securities by any one Person, who is considered to own more

than 50% of the total voting power of our securities shall not be considered a Change of Control;

- (ii) a change in the composition of our board of directors occurring within a 12 month period, as a result of which fewer than a majority of the directors are Incumbent Directors. “Incumbent Directors” will mean directors who either (A) are our directors as of the effective date of the employment agreement with the executive officer or (B) are elected, or nominated for election, to our board of directors with the affirmative votes of a least a majority of the Incumbent Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of our directors); or
- (iii) a change in the ownership of a substantial portion of our assets which occurs on the date that any Person acquires (or has acquired during the 12 month period ending on the date of the most recent acquisition by such person or persons) assets from us that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of our assets immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following shall not constitute a change in the ownership of a substantial portion of our assets: (1) a transfer to an entity that is controlled by our stockholders immediately after the transfer; or (2) a transfer of assets by us to: (A) a stockholder of ours (immediately before the asset transfer) in exchange for or with respect to our securities; (B) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by us; (C) a Person, that owns, directly or indirectly, 50% or more of the total value or voting power of all our outstanding stock; or (D) an entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a Person described in subsection (C). For purposes of this subsection (iii), gross fair market value means the value of our assets, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

Notwithstanding the foregoing, a transaction of ours that does not constitute a change of control event under Treasury Regulation 1.409A-3(i)(5)(v) or (vii) shall not be considered a Change of Control.

For the purposes of our employment agreements with our executive officers, “Cause” means:

- (i) any material act of personal dishonesty made by the executive officer in connection with the executive officer’s responsibilities as an employee;
- (ii) the executive officer’s conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude;
- (iii) the executive officer’s gross misconduct;
- (iv) the executive officer’s unauthorized use or disclosure of any of our proprietary information or trade secrets or of any other party to whom the executive officer owes an obligation of nondisclosure as a result of executive officer’s relationship with us;
- (v) the executive officer’s willful breach of any obligations under any written agreement or covenant with us; or

- (vi) the executive officer's continued failure to perform his employment duties after the executive officer has received a written demand of performance from us which specifically sets forth the factual basis for our belief that the executive officer has not substantially performed his duties and has failed to cure such nonperformance to our satisfaction within 10 business days after receiving such notice.

For the purpose of our employment agreements with Messrs. Jin, Strambi and Hillberg, "Good Reason" means the occurrence of one or more of the following events without the executive officer's express written consent:

- (i) the assignment to the executive officer of any duties, the reduction of the executive officer's duties or the removal of the executive officer from his position and responsibilities, either of which must result in a material diminution of such executive officer's authority, duties or responsibilities with us in effect immediately prior to such assignment, unless the executive officer is provided with a comparable position (i.e., the executive officer's same position in the parent company of the combined entity);
- (ii) a material reduction in the executive officer's base salary, unless the base salaries of all of our (and, if applicable, our successor's) other similarly situated employees are also similarly reduced (for these purposes, a reduction of the executive officer's base salary by 10% or more will be considered material, provided that a reduction of less than 10% may still be material based on the facts and circumstances relating to the reduction);
- (iii) a material change in the geographic location of the executive officer's primary work facility or location; provided, however, that a relocation of less than 35 miles from the executive officer's then present location will not be considered a material change in geographic location; or
- (iv) our failure to obtain assumption of the employment agreement by any successor.

For the purpose of our employment agreements with Messrs. Dhanani, Wahla, and Paczuski, "Good Reason" means the occurrence of one or more of the following events without the executive officer's express written consent:

- (i) the assignment to the executive officer of any duties, the reduction of the executive officer's duties or the removal of the executive officer from his position and responsibilities, either of which must result in a material diminution of the executive officer's authority, duties, or responsibilities with us in effect immediately prior to such assignment, unless the executive officer is provided with a comparable position (i.e., a position of equal or greater organizational level, duties, authority, compensation and status);
- (ii) a material reduction in the executive officer's base salary, unless the base salaries of all of our (and, if applicable, our successor's) other similarly situated employees are also similarly reduced (for these purposes, a reduction of the executive officer's base salary by 10% or more will be considered material, provided that a reduction of less than 10% may still be material based on the facts and circumstances relating to the reduction);
- (iii) a material change in the geographic location of the executive officer's primary work facility or location; provided, however, that a relocation of less than 35 miles from the executive

officer's then present location will not be considered a material change in geographic location; or

(iv) our failure to obtain assumption of the employment agreement by any successor.

The waiver of the applicable repayment is conditioned upon Mr. Hillberg executing a separation agreement and release of claims.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

There have been no transactions since the beginning of fiscal 2013 to which we were or are a party in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, nominees, executive officers, holders of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described where required under the “*Executive Compensation*” section of this proxy statement.

Policies and Procedures for Related Party Transactions

As provided by the audit committee charter, the audit committee of our board of directors must review and approve in advance any related party transaction. All of our directors, officers and employees are required to report to the audit committee any related party transaction prior to entering into the transaction.

It is our intention to ensure that all future transactions between us and our officers, directors and principal stockholders and their affiliates are approved by the audit committee of our board of directors, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers, and holders of more than 10% of our common stock to file with the SEC reports regarding their ownership and changes in ownership of our securities. We believe that, during fiscal 2013, our directors, executive officers, and 10% stockholders complied with all Section 16(a) filing requirements.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information, as of October 4, 2013, concerning, except as indicated by the footnotes below:

- Each person whom we know beneficially owns more than five percent of our common stock;
- Each of our directors and nominees for the board of directors;
- Each of our named executive officers; and
- All of our directors and executive officers as a group.

Unless otherwise noted below, the address of each person listed on the table is c/o Telenav, Inc., 950 De Guigne Drive, Sunnyvale, California 94085.

We have determined beneficial ownership in accordance with the rules of the SEC. Under the SEC's proxy rules, a person who directly or indirectly has or shares voting power or investment power with respect to a security is considered a beneficial owner of the security. Voting power is the power to vote or direct the voting of shares, and investment power is the power to dispose of or direct the disposition of shares. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 38,930,527 shares of common stock outstanding at October 4, 2013. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that are currently exercisable or exercisable and RSUs, both of which will vest within 60 days of October 4, 2013. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an asterisk (“*”).

The information provided in the table and related footnotes are based on our records, information filed with the SEC, and information provided to us, except where otherwise noted.
