Dear Stockholders:

We are pleased to invite you to attend our 2016 Annual Meeting of Stockholders to be held on November 17, 2016 at 9:00 a.m. Pacific Time, at our headquarters at 4655 Great America Parkway, Suite 300, Santa Clara, CA 95054 (the "Annual Meeting"). This Notice of Annual Meeting, Proxy Statement and form of proxy card or written voting instruction form are being made available to you on or about October 6, 2016.

We are furnishing proxy materials to stockholders primarily over the Internet. We believe that this process expedites stockholders' receipt of proxy materials, lowers the costs of our Annual Meeting and conserves natural resources. On or about October 6, 2016, we mailed our stockholders a notice that includes instructions on how to access our Proxy Statement and Annual Report on Form 10-K for the fiscal year ended June 30, 2016 (the "Annual Report") and how to vote online. The notice also included instructions on how you can request a paper copy of the proxy materials, including the Notice of Annual Meeting, Proxy Statement and proxy card or written voting instruction form.

Details regarding admission to the Annual Meeting and the business to be conducted at the Annual Meeting are described in this Notice of Annual Meeting and Proxy Statement. A copy of our Annual Report is included with the Proxy Statement for those stockholders who are receiving paper copies of the proxy materials.

Please use this opportunity to take part in the affairs of Telenav by voting on the business to come before this meeting. Regardless of whether you plan to attend the meeting, I urge you to vote your proxy as soon as possible. Returning the proxy card does not deprive you of your right to attend the meeting and to vote your shares in person, and may save us from incurring additional proxy solicitation costs.

Thank you for your ongoing support of Telenav. We look forward to seeing you at our Annual Meeting.

PROXY STATEMENT
FOR 2016 ANNUAL MEETING OF STOCKHOLDERS
INTERNET AVAILABILITY OF PROXY MATERIALS

We are furnishing proxy materials to our stockholders primarily via the Internet. On or about October 6, 2016, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our Proxy Statement, our Annual Report on Form 10-K for the fiscal year ended June 30, 2016 (“Annual Report”), and form of proxy card or written voting instruction form (collectively, the “proxy materials”). Stockholders will have the ability to access the proxy materials on the Internet, or to request a printed set of the proxy materials by mail by following the instructions in the Notice of Internet Availability of Proxy Materials. By furnishing a Notice of Internet Availability of Proxy Materials and access to our proxy materials by the Internet, we expect to lower the costs and reduce the environmental impact of our Annual Meeting.

The Notice of Internet Availability of Proxy Materials also provides instructions on how you may request that we send future proxy materials to you by electronic mail or by mail in printed form. If you choose to receive future proxy materials by electronic mail, you will receive an electronic mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by electronic mail or in printed form will remain in effect until you terminate it. We encourage you to choose to receive future proxy materials by electronic mail, which will allow us to provide you with the information you need in a more timely manner, will save us the cost of printing and mailing documents to you and will conserve natural resources.

QUESTIONS AND ANSWERS
ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these materials?

A: Our board of directors has made these materials available to you on the Internet or is providing printed proxy materials to you in connection with the solicitation of proxies for use at our annual meeting of stockholders, which will take place on Thursday, November 17, 2016 at 9:00 a.m. Pacific Time, at our headquarters located at 4655 Great America Parkway, Suite 300, Santa Clara, CA, 95054 (the “Annual Meeting”). As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this proxy statement.

Q: What items of business will be voted on at the Annual Meeting?

A: The items of business scheduled to be voted on at the Annual Meeting are:

- To elect two Class I directors to serve for a term of three years or until their successors are duly elected and qualified.
- To ratify the appointment of Grant Thornton LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2017 (“fiscal 2017”).

We will also consider any other business that properly comes before the Annual Meeting.

Q: How does the board of directors recommend that I vote?

A: Our board of directors recommends that you vote your shares:

- “FOR” the Class I nominees to the board of directors.
- “FOR” the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal 2017.

Q: What information is contained in these proxy materials?

A: You are receiving the proxy materials, which relate to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and most highly paid executive officers, corporate governance and information on our board of directors and certain other required information. Our Annual Report includes information about our business, financial condition and the risks we face.

Q: What shares can I vote?

A: Each share of our common stock issued and outstanding as of the close of business on September 22, 2016 (the “Record Date”) is entitled to be voted on all items being voted on at the Annual Meeting. You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner in street name through a broker, bank, trustee, or other nominee. On the Record Date there were 43,128,725 shares of our common stock issued and outstanding.

Q: How many votes am I entitled to per share?

A: For all matters described in this proxy statement for which your vote is being solicited, you are entitled to one vote for each share of common stock held as of the Record Date.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most of our stockholders hold their shares as a beneficial owner through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered, with respect to those shares, the *stockholder of record*, and we sent the proxy materials directly to you. As the *stockholder of record*, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. You may also vote on the Internet or by telephone, as described in the proxy materials and below under the heading “How can I vote my shares without attending the Annual Meeting?”

Beneficial Owner

If your shares are held in an account at a brokerage firm, bank, broker-dealer, trust, or other similar organization, you are considered the *beneficial owner* of shares held *in street name*, and the proxy materials were forwarded to you by that organization. As the beneficial owner, you have the right to direct your broker, bank, trustee, or nominee how to vote your shares, and you are also invited to attend the Annual Meeting.

Since a beneficial owner is not the *stockholder of record*, you may not vote your shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, bank, trustee, or nominee that holds your shares giving you the right to vote the shares at the meeting. If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the Internet or by telephone, as described in the proxy materials and below under the heading “How can I vote my shares without attending the Annual Meeting?”

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker, bank, trustee, or nominee that holds your shares, giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

Q: How can I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by proxy. You can vote by proxy over the Internet by following the instructions provided in the proxy materials, or, if you requested to receive printed proxy materials, you can also vote by mail or telephone pursuant to instructions provided on the proxy card. If you hold shares beneficially in street name, you may also vote by proxy over the Internet by following the instructions provided in the proxy materials, or, if you requested to receive printed proxy materials, you can also vote by telephone or mail by following the voting instruction card provided to you by your broker, bank, trustee, or nominee.

Q: Can I change my vote or revoke my proxy?

A: You may change your vote at any time prior to the taking of the vote at the Annual Meeting. If you are the stockholder of record, you may change your vote by: (1) granting a new proxy bearing a later date (which automatically revokes the earlier proxy) using any of the methods described above (and until the applicable deadline for each method), (2) providing a written notice of revocation to our Corporate Secretary at Telenav, Inc., 4655 Great America Parkway, Suite 300, Santa Clara, CA, 95054, prior to your shares being voted, or (3) attending the Annual Meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, bank, trustee, or nominee following the instructions they provided, or, if you have obtained a legal proxy from your broker, bank, trustee, or nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either among our employees or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide on their proxy card written comments, which are then forwarded to our management.

Q: How can I attend the Annual Meeting?

A: You are entitled to attend the Annual Meeting only if you were a stockholder as of the Record Date or you hold a valid proxy for the Annual Meeting. Since seating is limited, admission to the meeting will be on a first-come, first-served basis. You should be prepared to present photo identification for admittance. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you should provide proof of beneficial ownership as of the Record Date, such as your most recent account statement for the period including the Record Date, a copy of the voting instruction card provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership.

If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the Annual Meeting. For security reasons, you and your bags will be subject to search prior to your admittance to the meeting.

Please let us know if you plan to attend the meeting by marking the appropriate box on the enclosed proxy card, or, if you vote by telephone or Internet, by indicating your plans when prompted.

The meeting will begin promptly at 9:00 a.m. Pacific Time on November 17, 2016.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: A majority of our issued and outstanding shares of common stock must be present in person or represented by proxy in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you are present and vote in person at the meeting or have properly submitted a proxy card. Both abstentions and broker nonvotes (described below) are counted for the purpose of determining the presence of a quorum.

Q: How are votes counted?

A: In the election of directors, you may vote "FOR" the nominee or your vote may be "WITHHELD" with respect to the nominee.

For the other items of business, you may vote "FOR," "AGAINST," or "ABSTAIN." If you elect to "ABSTAIN," the abstention has the same effect as a vote "AGAINST." If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the board of directors.

Q: What is the voting requirement to approve each of the proposals?

A: A plurality of the votes cast is required for the election of the directors. The affirmative “FOR” vote of a majority of the votes cast on the proposal is required to approve the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal 2017.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute “broker nonvotes.” Generally, broker nonvotes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker nonvotes are not considered votes cast on that proposal. Thus, broker nonvotes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions are considered votes cast and thus have the same effect as votes against the matter.

We encourage you to provide instructions to your bank or brokerage firm by voting your proxy. This action ensures your shares will be voted at the meeting in accordance with your wishes.

Q: Is cumulative voting permitted for the election of directors?

A: No. You may not cumulate your votes for the election of directors.

Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than the items of business described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Dr. HP Jin and Michael Strambi, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

Q: Who will serve as inspector of elections?

A: The inspector of elections will be our Corporate Counsel, Peiyi Zhao. Broadridge Financial Solutions, Inc. will assist the inspector of elections with tabulating the votes.

Q: Who will bear the cost of soliciting votes for the Annual Meeting?

A: We will pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials and soliciting votes. If you choose to access the proxy materials and/or vote over the Internet, you are responsible for Internet access charges you may incur. If you choose to vote by telephone, you are responsible for telephone charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and publish them on our website at <http://investor.telenav.com>. We will also disclose voting results on a Form 8-K filed with the Securities and Exchange Commission (the "SEC") within four business days after the Annual Meeting, which will also be available on our website.

Q: How can I contact Telenav's transfer agent?

A: You can contact our transfer agent by either writing via U.S. mail to Computershare, P.O. Box 30170, College Station, TX 77842-3170 or via courier service to Computershare, 211 Quality Circle, Suite 210, College Station, TX 77845, or by telephoning (800) 962-4284 or, for foreign holders, (781) 575-3120. Computershare's shareholder website is www.computershare.com/investor.

Q: I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: We have adopted a procedure called "householding," which the SEC has approved. Under this procedure, we deliver a single copy of the proxy materials to multiple stockholders who share the same address unless we received contrary instructions from one or more of the stockholders. This procedure reduces our printing costs, mailing costs and fees. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the proxy materials to any stockholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the proxy materials, you may write, email or call us at the following address, email address and phone number:

Telenav, Inc.

Santa Clara, California 95054
Email: IR@telenav.com
Tel: (408) 245-3800
Fax: (408) 245-0238

Stockholders who hold shares through a stockbroker, bank, trustee or other nominee may contact their brokerage firm, bank, broker-dealer, trust or other similar organization to request information about householding.

Q: What is the deadline to propose actions for consideration at next year's annual meeting of stockholders or to nominate individuals to serve as directors?

A: *Stockholder Proposals*: Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Corporate Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2017 Annual Meeting of Stockholders (the "2017 Annual Meeting"), our Corporate Secretary must receive the written proposal at our principal executive offices at the address set forth below no later than June 8, 2017; provided, however, that in the event that we hold our 2017 Annual Meeting more than 30 days before or 60 days after the one-year anniversary date of the Annual Meeting, we will disclose the new deadline by which stockholder

proposals must be received under Item 5 of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. In addition, stockholder proposals must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"). Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Telenav, Inc.
Attn: Corporate Secretary
4655 Great America Parkway, Suite 300
Santa Clara, CA, 95054
Tel: (408) 245-3800
Fax: (408) 245-0238

Advanced Notice Procedures: Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders, but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is: (1) specified in the notice of a meeting given by or at the direction of our board of directors, (2) otherwise properly brought before the meeting by or at the direction of our board of directors, or (3) properly brought before the meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws. To be timely for our 2017 Annual Meeting, our Corporate Secretary must receive the written notice at our principal executive offices at the address set forth above:

- no earlier than July 23, 2017, and
- not later than the close of business on August 22, 2017.

In the event that we hold our 2017 Annual Meeting more than 30 days before or 60 days after the one-year anniversary date of the 2016 Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the 120th day prior to such annual meeting, and not later than the close of business on the later of the following two dates:

- the 90th day before such annual meeting, or
- the 10th day following the day on which public announcement of the date of such meeting is first made.

If a stockholder who has notified us of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, we are not required to present the proposal for a vote at such meeting.

Nomination of Director Candidates: You may propose director candidates for consideration by our board of directors. Any such recommendations should include the nominee's name and qualifications for membership on our board of directors, and should be directed to our Corporate Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see "*Corporate Governance—Process for Recommending Candidates for Election to the Board of Directors*" on page 15.

To nominate a director, the stockholder must provide the information required by our bylaws. In addition, the stockholder must give timely notice to our Corporate Secretary in accordance with our bylaws, which, in general, require that the notice be received by our Corporate Secretary within the time period described above under “Advanced Notice Procedures” for stockholder proposals that are not intended to be included in our proxy statement.

Copy of Bylaw Provisions: A copy of our bylaws may be obtained by accessing our filings on the SEC’s website at <http://www.sec.gov> or by requesting a copy through our website at <http://investor.telenav.com/tools.cfm>. You may also contact our Corporate Secretary at our principal executive offices at the address set forth above for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

CORPORATE GOVERNANCE

Code of Business Conduct and Ethics

In June 2009, our board of directors adopted a Code of Business Conduct and Ethics for all employees, officers and directors. The full texts of our Code of Business Conduct and Ethics are posted on our website at the investor relations portion of our website, <http://investor.telenav.com/governance.cfm>. We intend to disclose future amendments to our Code of Business Conduct and Ethics, or certain waivers of such provisions, at the same location on our website identified above and also in public filings. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

In June 2009, our board of directors also adopted a Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers. The full texts of our Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers are posted on our website at the investor relations portion of our website, <http://investor.telenav.com/governance.cfm>. We intend to disclose future amendments to our Code of Ethics for Principal Executive and Senior Financial Officers and Section 16 Officers, or certain waivers of such provisions, at the same location on our website identified above and also in public filings. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

Director Independence

In August 2016, our board of directors undertook a review of the independence of the directors and considered whether any director has a material relationship with us that could compromise the ability to exercise independent judgment in carrying out his responsibilities. In making that determination, our board of directors considered all relevant facts and circumstances.

As a result of this review, our board of directors determined that each of Messrs. Samuel Chen, Wes Cummins, Douglas Miller, Ken Xie and Joseph Zaelit are “independent directors” as defined under the rules of the NASDAQ Global Market, constituting a majority of independent directors of our board of directors as required by the rules of the NASDAQ Global Market.

Board Composition

Our board of directors is currently composed of six members. Our bylaws permit our board of directors to establish by resolution the authorized number of directors and seven directors are currently authorized.

Each class of directors is elected for a three-year term to succeed the class whose term is then expiring. The terms of the directors expire upon the election and qualification of successor directors at the annual meeting of stockholders to be held during 2016 for the Class I directors, 2017 for the Class II directors, and 2018 for the Class III directors.

The following table sets forth the classes, names, ages and positions of our directors as of September 22, 2016:

Class I Directors	Age	Position
Samuel Chen (1)	65	Director
Wes Cummins (3)	39	Director
Class II Directors		
Douglas Miller (1), (2), (3)	59	Director
Ken Xie (2) (3)	53	Director
Class III Directors		
Dr. HP Jin	52	Chairman of the Board, President and Chief Executive Officer
Joseph M. Zaelit (1), (2), (3)	71	Lead Independent Director

(1) Member of the audit committee.

(2) Member of the compensation committee.

(3) Member of the nominating and governance committee.

Board Leadership Structure

Our board of directors believes that our chief executive officer is best situated to serve as our chairman of the board because he is the director most familiar with our business and industry and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. Independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside the industry, while our chief executive officer brings company-specific experience and expertise. Our board of directors believes that the combined role of chairman of the board and chief executive officer promotes strategy development and execution, and facilitates information flow between management and our board of directors, which are essential to effective governance. One of the key responsibilities of our board of directors is to develop strategic direction and hold management accountable for the execution of strategy once it is developed.

At the same time, our board recognizes the importance of having a board structure that will continue to promote the appropriate exercise of independent judgment by the board. In March 2016, our board created the position of lead independent director to serve as a liaison between our chief executive officer and the independent directors, and to facilitate discussions and deliberation among the independent directors in fulfilling their oversight responsibilities for our company. The lead independent director coordinates the activities of the other independent directors and performs such other duties and responsibilities as the board may determine.

Our board believes the combined role of chairman of the board and chief executive officer, together with our independent directors led by our lead independent director, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Board Meetings and Committees

During the fiscal year ended June 30, 2016 ("fiscal 2016"), the board of directors held 13 meetings and acted three times by written consent. Each of the directors attended or participated in at least 75% of the meetings of the board of directors and 75% of the meetings held by all committees of the board of directors on which he served during fiscal 2016, with the exception of Mr. Jason Chiu, who attended 43% of the meetings of the board of directors on or prior to his resignation from the board on October 27, 2015. The responsibilities of the nominating and governance committee include, without limitation, the following:

Compensation Committee Interlocks and Insider Participation

During fiscal 2016, our compensation committee consisted of Messrs. Miller, Todaro, Xie and Zaelit. None of the members of the compensation committee has at any time in the last three fiscal years been one of our officers or employees. None of our executive officers serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our board of directors or compensation committee.

Board's Role in Risk Oversight

Our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. With the oversight of our full board of directors, our senior management is responsible for the day-to-day management of the material risks we face. In its oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our board of directors holds strategic planning sessions with senior management to discuss strategies, key challenges, risks and opportunities for us. This involvement of the board of directors in setting our business strategy is a key part of its oversight of risk management, its assessment of management's appetite for risk, and its determination of what constitutes an appropriate level of risk for us. Additionally, our board of directors regularly receives updates from senior management and outside advisors regarding certain risks we face, including various operating risks. Our senior management attends meetings of our board of directors and its committees on a quarterly basis, and as is otherwise needed, and is available to address any questions or concerns raised by our board of directors on risk management and any other matters.

Each of our board committees oversees certain aspects of risk management and reports their findings to the full board of directors on a quarterly basis, and as is otherwise needed. Our audit committee is responsible for overseeing risk management of financial matters, financial reporting, the adequacy of our risk-related internal controls, internal investigations, and enterprise risks, generally. Our compensation committee oversees risks related to compensation policies and practices, and is responsible for establishing and maintaining compensation policies and programs designed to create incentives consistent with our business strategy that do not encourage excessive risk-taking.

In connection with its oversight of compensation-related risks, our compensation committee has reviewed an assessment by management of our compensation programs and practices for its employees, including its executive and non-executive programs and practices. In its review, the compensation committee evaluated whether our policies and programs encourage unnecessary or excessive risk-taking and controls, and how such policies and programs are structured with respect to risks and rewards, as well as controls designed to mitigate any risks. As a result of this review, the compensation committee determined any risks

that may result from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on us.

Additional review or reporting on enterprise risks is conducted as needed or as requested by the board of directors or a committee thereof.

Process for Recommending Candidates for Election to the Board of Directors

Our nominating and governance committee acts on behalf of the board to fulfill the board's responsibilities in overseeing all aspects of our nominating functions. The nominating and governance committee will consider director candidates who are suggested by members of the nominating and governance committee, other members of our board, members of management and certain stockholders. The nominating and governance committee may also retain third-party executive search firms to identify independent director candidates from time to time. It is the policy of the board of directors to consider recommendations for candidates to the board of directors from stockholders holding at least 1% of our outstanding shares of common stock continuously for at least 12 months prior to the date of the submission of the recommendation. The nominating and governance committee will consider persons recommended by our stockholders in the same manner as a nominee recommended by the members of the nominating and governance committee, individual board members or management.

A stockholder that desires to recommend a candidate for election to the board of directors should send the recommendation in writing to 4655 Great America Parkway, Suite 300, Santa Clara, CA 94054; Attn: Corporate Secretary. This written recommendation must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, information regarding any relationships between us and the candidate within the last three years and evidence of the required ownership of our common stock by the recommending stockholder. Such recommendation must also include a statement from the recommending stockholder in support of the candidate, particularly within the context of the criteria for membership on our board of directors, including issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and personal references.

In accordance with the advance notice provisions in our bylaws, director nominations to be considered at any annual meeting of stockholders must be received not less than 45 days, and not more than 75 days, prior to one-year anniversary of the date on which we first mailed proxy materials, or a notice of availability of proxy materials (whichever is earlier), to stockholders in connection with the preceding year's annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the one-year anniversary of the date of the previous year's annual meeting, then, in order for notice by the stockholder to be timely, it must be received by our Corporate Secretary not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of (i) the 90th day prior to such annual meeting, or (ii) the tenth day following the day on which Public Announcement (as defined below) of the date of such annual meeting is first made. "Public Announcement" means disclosure in a press release reported by the Dow Jones News Service, Associated Press or a comparable national news service or in a document publicly filed by us with the SEC pursuant to Section 13, 14 or 15(d) of the Exchange Act. To be timely for a special meeting, such notice must be received by our Corporate Secretary at our principal executive offices at 4655 Great America Parkway, Suite 300, Santa Clara, CA 94054 not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which Public Announcement is first made of the date of the special meeting and of the nominees proposed by the board of directors to be elected at such meeting. This means that for

purposes of our 2016 Annual Meeting of Stockholders, such nominations must have been received no sooner than July 23, 2016, and no later than August 22, 2016. Information regarding the deadlines for nominations for our 2017 Annual Meeting is set forth on pages 6 and 7.

Where the nominating and governance committee has either identified a prospective nominee or determines that an additional or replacement director is required, the nominating and governance committee may take such measures that it considers appropriate in connection with its evaluation of a director candidate, including candidate interviews, inquiry of the person or persons making the recommendation or nomination, engagement of an outside search firm to gather additional information, or reliance on the knowledge of the members of the committee, the board of directors or management. While we do not have a formal diversity policy for board membership, the nominating and governance committee seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of our board of directors' deliberations and decisions. In its evaluation of director candidates, including the members of the board of directors eligible for re-election, the nominating and governance committee considers a number of factors, including the following:

- the current size and composition of the board of directors and the needs of the board of directors and the respective committees of the board of directors;
- such factors as issues of character, judgment, independence, diversity, age, expertise, diversity of experience, length of service, other commitments and potential conflicts of interest; and
- such other factors as the board of directors may consider appropriate.

The nominating and governance committee has also specified the following minimum qualifications to be satisfied by any nominee for a position on the board of directors:

- predominantly independent;
- of high integrity;
- have qualifications that will increase overall effectiveness of the board of directors; and
- meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

After completing the evaluation and review, the nominating and governance committee makes a recommendation to the board of directors as to the persons who should be nominated to the board of directors, and the board of directors determines and approves the nominees after considering the recommendation of the nominating and governance committee.

Attendance at Annual Meetings of Stockholders by the Board of Directors

Although we do not have a formal policy regarding attendance by members of the board of directors at our annual meeting of stockholders, we encourage, but do not require, directors to attend. Two directors attended our 2015 annual meeting of stockholders.

Contacting the Board of Directors

In cases where stockholders wish to communicate with the board of directors or any individual member of the board of directors, messages can be sent to our General Counsel, at Telenav, Inc., 4655 Great America Parkway, Suite 300, Santa Clara, CA 94054, Attn: General Counsel. Our General Counsel monitors these communications and will provide a summary of all received messages to the board of directors at each regularly scheduled meeting of the board of directors. Where the nature of a communication warrants, our General Counsel may determine, in his judgment, to obtain the more immediate attention of the appropriate committee of the board of directors, a non-management director, independent advisor or management, as our General Counsel considers appropriate. Our General Counsel may decide in the exercise of his judgment whether a response to any stockholder communication is necessary.

In July 2012, we entered into a director offer letter with Mr. Xie, which provides for, among other things, an initial grant of 20,000 RSUs under our 2009 Equity Incentive Plan which will vest and will be issued as to one-fourth of the shares each annual anniversary following the date of grant, with full vesting in four years, contingent upon Mr. Xie's continued service as one of our directors. In the event of a closing of a change of control, the unvested portion of the RSUs shall become fully vested. The initial 20,000 RSUs became fully vested in July 2016. Mr. Xie will also receive an additional grant of 5,000 RSUs, subject to the same terms as his initial grant, each year following our annual stockholder meeting, subject to Mr. Xie's continued service as one of our directors.

In October 2012, our compensation committee approved the amendment of our 2009 Equity Incentive Plan to provide for the automatic, nondiscretionary grant of restricted stock units ("RSUs") to our nonemployee directors in lieu of stock options. For our nonemployee directors other than Mr. Xie, each individual who first joins our board of directors as a nonemployee director will receive, at the time of such initial election or appointment, an automatic grant of RSUs for a number of shares equal to \$40,000 divided by the fair market value of our common stock on the grant date, rounded down to the nearest share, provided such person is not currently our employee. In addition, each individual who continues to serve as a nonemployee member of the board of directors, whether or not such individual is standing for re-election at that particular annual meeting, will be granted automatically an RSU for a number of shares equal to \$20,000 divided by the fair market value of our common stock on the grant date, rounded down to the nearest share. Annual RSU grants are made on the date of our annual meeting of stockholders to each director who has served on our board of directors for at least the preceding six months. Each initial automatic RSU award to our nonemployee directors will vest as to 25% of the shares on each anniversary of the date of grant, subject to the director's continued service to us. Each annual automatic RSU award to our nonemployee directors will vest as to 100% of the shares on the first anniversary of the date of grant, subject to the director's continued service to us. Directors who are also employees are eligible to receive options, RSUs and shares of common stock directly under our 2009 Equity Incentive Plan.

In January 2016, our board approved the amendment to our 2009 Equity Incentive Plan to modify and supersede the compensation arrangement for our company's nonemployee directors as provided in the October 2012 amendment. The January 2016 amendment provides that each individual who first joins the board of directors on or after the January 2016 amendment effective date as a nonemployee director will receive, at the time of such initial election or appointment, 30,000 RSUs, vesting annually as to 1/3rd of the shares on each anniversary following the date of grant, contingent on the director's continued service as one of our directors; provided that upon the closing of a change of control of our company, the unvested portion of the director's RSUs shall fully vest. In addition, beginning on the date of the Annual Meeting and on each date of the annual meeting of the stockholders thereafter, each individual who continues to serve as a nonemployee director will be granted an option to purchase 8,300 shares of our company's common stock, vesting monthly as to 1/12th of the shares of common stock subject to the stock option following the date of grant, contingent on the director's continued service as one of our directors; provided that upon the closing of a change of control of our company, the unvested portion of the director's options shall fully vest.

In July 2016, our board approved an annual cash retainer of \$3,000 for our members of the nominating and governance committee and an annual cash retainer of \$5,000 for our lead independent director, effective as of March 22, 2016. In addition, beginning on the date of the Annual Meeting and on each date of the annual meeting of the stockholders thereafter, our lead independent director will be granted an option to purchase our company's common stock in the value of \$5,000, vesting monthly as to 1/12th of

the shares of common stock subject to the stock option following the date of grant. Employee directors are not compensated for their service as directors.

We do not have a formal policy of reimbursing directors, but we reimburse them for travel, lodging and other reasonable expenses incurred in connection with their attendance at board of directors or committee meetings.

The following table sets forth information concerning compensation paid or accrued for services rendered to us by members of our board of directors for fiscal 2016. The table excludes Dr. Jin, who is a named executive officer and did not receive any compensation from us in his role as a director in fiscal 2016.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the board of directors has appointed Grant Thornton LLP as the independent registered public accounting firm to audit our consolidated financial statements for fiscal 2017. Grant Thornton LLP has served as our independent registered public accounting firm since September 10, 2014. See “*Principal Accounting Fees and Services.*”

From fiscal 2007 through September 2014, Ernst & Young LLP served as our independent registered public accounting firm. On September 10, 2014, the audit committee of the board of directors dismissed Ernst & Young LLP as our independent registered public accounting firm and executed an engagement letter with Grant Thornton LLP. The change in our independent registered public accounting firm was approved by the audit committee and the board of directors.

The reports of Ernst & Young LLP on our financial statements for fiscal 2014 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

In connection with the audits of our financial statements for fiscal 2014, and in the subsequent interim period through September 10, 2014, there were no disagreements with Ernst & Young LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope and procedures which, if not resolved to the satisfaction of Ernst & Young LLP would have caused Ernst & Young LLP to make reference to the matter in their report.

Notwithstanding Grant Thornton LLP's selection, the audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of us and our stockholders. If the appointment is not ratified by our stockholders, the audit committee may reconsider whether it should appoint another independent registered public accounting firm. Representatives of Grant Thornton LLP are expected to attend the Annual Meeting, where they will be available to respond to appropriate questions and, if they desire, to make a statement.

Required Vote

Ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal 2017 requires the affirmative “FOR” vote of a majority of the votes cast on the proposal. Unless marked to the contrary, proxies received will be voted “FOR” ratification of the appointment of Grant Thornton LLP.

Recommendation

Our board of directors recommends a vote FOR the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal 2017.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following discussion and analysis of compensation arrangements of our named executive officers for fiscal 2016 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward-looking statements that are based on our current plans, considerations, expectations, and determinations regarding future compensation programs. The actual amount and form of compensation and the compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Overview. The compensation committee of our board of directors is responsible for establishing, implementing and monitoring adherence with our compensation philosophy. The compensation committee seeks to ensure that the total compensation paid to our executive officers is fair and reasonable. Currently, we have five executive officers. Details of our fiscal 2016 compensation for our named executive officers, who are the chief executive officer, chief financial officer, the three other most highly compensated executive officers who were serving as executive officers at the end of fiscal 2016, and one former executive officer who left our company during the third quarter of fiscal 2016 but whose compensation was among the three other most highly compensated executive officers, can be found in the section entitled “*Executive Compensation—Fiscal 2016 Summary Compensation Table.*” We provide types of compensation and benefits to our named executive officers similar to those we provide to our other executive officers and senior managers.

This section describes our compensation program for our executive officers. The discussion focuses on our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. We address why we believe our compensation program is appropriate for us and our stockholders and explain how executive compensation is determined.

At our annual meeting in 2014, our stockholders approved the advisory proposal on executive compensation with over 99% of stockholder votes cast in favor of our executive compensation program. We will next seek a stockholder advisory vote on executive compensation at our annual meeting in 2017.

Although none of the compensation committee’s subsequent actions or decisions with respect to the compensation of our executive officers were directly attributable to the results of the vote, the compensation committee took the vote outcome into consideration in the course of its deliberations and expects to continue to do so with respect to future advisory votes concerning executive compensation.

Compensation Philosophy and Objectives. Our executive compensation program seeks to attract talented, qualified executives to manage and lead our company and to motivate them to pursue and achieve our corporate objectives. We have created a compensation program that includes short term and long term components, cash and equity elements, and performance contingent payments in proportions that we believe will provide appropriate incentives to reward and retain our executives.

Our philosophy towards executive compensation reflects the following principles:

- *Total compensation opportunities should be competitive.* We believe that our total compensation programs should be competitive so that we can attract, retain and motivate talented executive officers who will help us to perform better than our competitors.

- *Total compensation should be related to our performance.* We believe that a significant portion of our executive officers' total compensation should be linked to achieving specified financial and business objectives that we believe will create stockholder value and provide incentives to our executive officers to work as a team.
- *Total compensation should be related to individual performance.* We believe that executive officers' total compensation should reward individual performance achievements and encourage individual contributions to achieve exceptional performance.
- *Equity awards help executive officers think like stockholders.* We believe that each of our executive officer's total compensation should have a significant equity component because stock based equity awards help reinforce the executive officer's long-term interest in our overall performance and thereby align the interests of the executive officer with the interests of our stockholders.

Based on this philosophy, we seek to reward our executive officers as and when we achieve our goals and objectives by giving significant weight to performance-based compensation. While ensuring that appropriate risk management measures are implemented by our executive officers, a significant portion of the compensation for our executive officers is at risk based on the achievement of established goals, which we believe aligns their interests with the interests of our stockholders.

Role of the Compensation Committee and Executive Officers in Setting Executive Compensation. The compensation committee has overall responsibility for recommending to our board of directors the compensation of our chief executive officer and determining the compensation of our other executive officers. Members of the compensation committee are appointed by the board of directors. During fiscal 2016, the members of our compensation committee were Messrs. Miller, Todaro, Xie (chairman) and Zaelit. On August 24, 2016, Mr. Todaro resigned as our director and compensation committee member. Our board of directors determined that each member of our compensation committee was and remains an outside director for purposes of Section 162(m) of the Internal Revenue Code ("Section 162(m)"), a nonemployee director for purposes of Rule 16b-3 under the Exchange Act and an independent director as that term is defined under the Financial Industry Regulatory Authority ("FINRA") rules.

The compensation committee operates under a written charter adopted by the board of directors, which establishes the duties and authority of the compensation committee. Copies of our compensation committee charter are available on our website at <http://investor.telenav.com/governance.cfm>.

The fundamental responsibilities of our compensation committee are:

- to provide oversight of our compensation policies, plans and benefit programs, including reviewing and making recommendations to our board of directors regarding compensation plans, as well as general compensation goals and guidelines for our executive officers and the board of directors;
- to review and determine all compensation arrangements for our executive officers (including our chief executive officer) and to allocate total compensation among the various components of executive pay;
- to review and approve all equity compensation awards to our executive officers (including our chief executive officer); and

- to oversee and direct our equity compensation plans, including the 1999 Stock Option Plan, the 2002 Executive Stock Option Plan, the 2009 Equity Incentive Plan and the 2011 Stock Option and Grant Plan, as applicable to all of our employees.

The compensation committee has the authority to engage the services of outside consultants, and it retained Compensia, Inc. (“Compensia”), an independent compensation consulting firm with substantial experience in the technology sector, as its compensation consultant to advise the compensation committee in matters related to executive and director compensation for fiscal 2016. Based on the consideration of the various factors as set forth in the rules of the SEC and NASDAQ Global Market, the compensation committee does not believe that its relationship with Compensia and the work of Compensia on behalf of the compensation committee has raised any conflict of interest.

In determining each executive officer’s compensation, our compensation committee reviews our corporate financial performance and financial condition. The evaluation of individual performance is done by the compensation committee, in the case of the chief executive officer, and by the chief executive officer, in the case of other executives. The chief executive officer meets with the compensation committee to discuss executive compensation matters and to make recommendations to the compensation committee with respect to other executives. The compensation committee may modify individual compensation components for executives other than the chief executive officer after reviewing the chief executive officer’s recommendations. The compensation committee is not bound to and does not always accept the chief executive officer’s recommendations. The compensation committee also reviews the chief executive officer’s performance and confers with the full board of directors (excluding the chief executive officer). The compensation committee then makes all final compensation decisions for executive officers and approves any equity incentive awards for all of our executive officers. In addition, it is the compensation committee’s practice to consult with the independent members of the board of directors prior to making material changes to our compensation policies.

Compensation discussions and decisions are designed to promote our fundamental business objectives and strategy. Evaluation of management performance and rewards are performed annually or more often as needed. The compensation committee generally has the discretion to (i) increase, reduce or eliminate an executive officer’s bonus award and/or (ii) increase an executive officer’s base salary in connection with a promotion or increased responsibilities during the year in the event that it determines that circumstances warrant. With regard to the bonus plan, the compensation committee may in its sole discretion determine the amount of any reduction on the basis of such factors as it deems relevant. In addition, pursuant to the compensation committee charter, the compensation committee is authorized to take steps to modify any executive compensation program that yields payments and benefits that are not reasonably related to executive and corporate performance. There are no limits on the amounts of such modification. Base salaries may be decreased with the agreement of the executive officer.

Third Party Analysis of Compensation. Our compensation committee engaged Compensia to evaluate our current levels and types of compensation for executive officers and to recommend appropriate changes. Among other activities, Compensia:

- assisted us in identifying a group of peer companies for purposes of comparing the levels of compensation for our CEO and other executive officers;
- gathered and analyzed compensation data from those peer companies as well as from other available compensation surveys from similarly sized companies in relevant industries; and

- assisted us in structuring awards as part of the equity incentive element of our compensation program, including assisting us in establishing appropriate amounts for equity incentive awards.

Compensia's fiscal 2016 review concluded, and our compensation committee concurred, that:

- Our base salary levels for fiscal 2016 placed our CEO at approximately the 15th percentile of our peer companies, and all of our other executive officers at approximately the 30th percentile of market survey companies;
- Our total cash compensation for fiscal 2016 placed our CEO at approximately the 20th percentile of our peer companies, and all of our other executive officers at approximately the 40th percentile of market survey companies;
- Our equity incentive awards for fiscal 2016 placed our CEO at approximately the 30th percentile, and all of our other executives at approximately the 60th percentile (with significant variation by individual executive officer) of our peer and market survey companies on a grant value basis;
- Our equity mix is generally aligned with peer practice, with 53% of executive equity value delivered in RSUs in fiscal 2016;
- Our target total direct compensation for fiscal 2016 placed our CEO at approximately the 30th percentile, and all of our other executives at approximately the 55th percentile of market survey companies, on average (with variation by individual executive officers); and
- Our overall compensation levels consider not only the peer and market survey company compensation levels but also reflect the unique job scope performed by many of the executives.

Compensia used our previously approved peer group companies and recommended revisions to our peer group to match our size, organization complexity and growth. Primary factors considered in revising the current peer list were company type, business focus, revenue and growth, market capitalization, and location.

For purposes of our fiscal 2016 compensation decisions, the peer group companies recommended by Compensia and approved by our compensation committee were as follows:

- | | |
|----------------------|----------------------|
| • A10 Networks | • KVH Industries |
| • Aerohive Networks | • Limelight Networks |
| • Boingo Wireless | • Marchex |
| • Brightcove | • MobileIron |
| • CalAmp | • Ooma |
| • Carbonite | • PCTEL |
| • Digi International | • QuinStreet |
| • Glu Mobile | • RealNetworks |
| • Guidance Software | • Spok Holdings |
| • Inteliquent | • YuMe |
| • Jive Software | |

The compensation committee intends to continue to evaluate the compensation levels of similarly situated executives at our peer group companies to determine whether our executive compensation program is market competitive. In addition, the compensation committee also will continue to review, with assistance from Compensia, the list of peer group companies to ensure they each are appropriate for executive compensation comparisons.

Employment Agreements. From time to time, our board of directors may consider the possibility of an acquisition of us by other companies or other change of control transactions. We recognize that such consideration can be a distraction to our executive officers and could cause them to consider alternative employment opportunities. Our compensation committee believes that providing severance and change of control benefits to our executive officers is imperative to ensure their continued dedication and objectivity, notwithstanding the possibility of a change of control, to provide them with an incentive to continue employment and motivate them to maximize stockholder value in the event of a change of control, and to provide them with enhanced financial security. Under the agreements approved by our compensation committee, each of our executive officers will be entitled to receive certain severance benefits upon certain qualifying employment termination events, including enhanced severance benefits if the employment termination occurs in connection with a change of control.

See the section entitled “*Executive Compensation—Employment Agreements*” or “*Executive Compensation—Potential Payments Upon Termination or Change of Control*” for a further description of agreements with and the tables setting forth the potential payments to be made to each named executive officer and definitions of key terms under these agreements.

Components of Executive Compensation. Our executive compensation program consists of the following principal components: base salary; an annual cash bonus plan; and long-term equity-based incentive awards. We believe that each of these individual components is useful in achieving one or more of the objectives of our program. Together, we believe these components have been effective in achieving our overall compensation objectives.

- Base salary is used to retain employees, reflect differences in job scope and compensate for significant differences in responsibilities.
- Cash bonuses are used to encourage executives to deliver on short term corporate financial and operating goals and individual objectives, and to ensure that a meaningful portion of compensation is based upon short-term performance in accordance with our performance-based pay philosophy.
- Equity awards are used to balance executives’ short term thinking with a longer term perspective, reward for innovation, provide alignment with stockholder interests and attract and retain key talent.

Each executive officer's total compensation may vary from year to year based on our financial results and individual performance.

Weighting of Compensation Components. We do not use predefined ratios in determining the allocation of compensation between base salary, bonus and equity components. Rather, we set each executive’s total compensation based on market conditions, geographic considerations, competitive market data and other factors that our compensation committee, in its sole discretion, determines are appropriate. Our executive compensation policies apply equally to all of our executive officers, including our named

executive officers. Differences in compensation levels among our executives generally reflect differing skills, experience, responsibilities and relative contributions.

The specifics of each compensation element are as follows:

Base Salary. We pay an annual base salary to each of our executives in order to provide them with a fixed rate of cash compensation during the year.

The compensation committee held the base salaries of our executive officers constant for fiscal 2016 consistent with cost reduction efforts of our company. Base salaries for the executive officers were as follows:

Executive Officer	Fiscal 2016 Base Salary (\$)
Dr. HP Jin, President, Chief Executive Officer	\$380,000(1)
Michael Strambi, Chief Financial Officer and Treasurer	300,000
Loren Hillberg, General Counsel, Secretary, and President and General Manager, Thinknear, Inc.	300,000

Salman Dhanani, Co-President and Co-General Manager, Automotive Business Unit	265,000(1)
Rohan Chandran, former Vice President and General Manager, Mobile Business Unit	260,000(2)

(1) In fiscal 2016, Dr. Jin and Mr. Dhanani maintained their 10% voluntary pay reductions from their base salaries of \$380,000 and \$265,000, respectively.

(2) Mr. Rohan's employment with us ended on March 18, 2016.

Bonus Plan. We strive to tie a substantial part of each executive officer's compensation to our performance. To this end, we established a formal bonus plan (the "Bonus Plan") that provides for performance-based cash bonus targets for our employees, including each of our executive officers.

Our compensation committee approves the target bonus award for our executive officers with input from our chief executive officer (except with respect to his own target bonus award, which is determined by our compensation committee, in its sole discretion). The target bonus awards are based on external and internal benchmarking for each executive officer. Our Bonus Plan is designed to place a portion of total compensation at risk for each executive officer, consistent with our goal of improving strategic execution. The amount of each individual executive officer's target bonus has been set as a percentage of his/her annual salary and is set forth in the table below:

Executive Officer	Fiscal 2016 Target Bonus (% of Base Salary)	Fiscal 2016 Target Bonus Amount (\$)
Dr. HP Jin, President, Chief Executive Officer	100%	\$380,000(1)
Michael Strambi, Chief Financial Officer and Treasurer	60%	180,000

Salman Dhanani, Co-President and Co-General Manager, Automotive Business Unit	60%	159,000(1)
Rohan Chandran, former Vice President and General Manager, Mobile Business Unit	60%	156,000(2)

(1) In fiscal 2016, Dr. Jin and Mr. Dhanani maintained their 10% voluntary pay reductions from their base salaries of \$380,000 and \$265,000, respectively. Accordingly, their target bonuses were also voluntarily reduced by 10%.

(2) Mr. Chandran's employment with us ended on March 18, 2016.

Our compensation committee has sole authority to approve earned bonus awards under the Bonus Plan for executives. In addition, the compensation committee has discretion to reduce or eliminate the earned bonus awards under the Bonus Plan regardless of performance. The compensation committee may also approve payments of bonuses outside the Bonus Plan regardless of whether performance targets have been achieved.

In March 2016, our board adopted a clawback policy. Under the clawback policy, an executive officer who is involved in wrongful conduct that causes or partially causes a restatement of our financial statements must repay to our company up to the full amount of any incentive compensation (including cash incentive amounts and equity awards) paid to the executive officer within the prior three years, based on the financial statements that were subsequently restated.

Performance targets under the Bonus Plan are subject to minimums and maximums, and bonuses earned may be subject to predetermined accelerators and decelerators (but in any case the total bonus earned may be no greater than 150% of the target amount). Our chief executive officer also has the discretion to increase or decrease, up to 15%, the bonus earned by an executive officer (other than himself), which is subject to approval by the compensation committee.

The actual bonuses earned under the Bonus Plan, if any, are based on our achievement of certain corporate and business unit Key Performance Indicators ("KPIs"). Actual bonuses earned are based on the computation of point values achieved on corporate and business unit KPIs and may exceed the target bonus awards depending on achievement of these KPIs.

For fiscal 2016, the target bonus awards for all of our executive officers were based on two sets of KPIs, the first set of KPIs covering the first six months of fiscal 2016, and the second set of KPIs covering the remaining six months of fiscal 2016, with each set comprising 50% of the overall KPIs for fiscal 2016. The KPIs include corporate and business unit KPIs, which are derived from our operating plans covering the first half and second half of fiscal 2016 and are based on management's evaluation of, among other things, growth opportunities, customer feedback and demand projections, historical revenue and trends, industry trends and the economic environment. The KPIs provided for opportunities to over perform our underlying fiscal 2016 operating plans, which management viewed as challenging but not unattainable. Our operating plans are internal, non-public financial plans approved by our board of directors in fiscal 2016 for each half of the fiscal

year and each applicable operating plan is reviewed with our board of directors at each board meeting, as well as reviewed and compared against actual results by management on a monthly basis.

The first half fiscal 2016 KPIs included corporate and business unit KPIs. Our corporate KPIs included revenue and adjusted EBITDA for the six months ended December 31, 2015. Adjusted EBITDA measures our GAAP net loss excluding the impact of stock-based compensation expense, depreciation, amortization, interest and other income (expense), provision (benefit) for income taxes, and other items such as legal settlements, restructuring accruals and reversals and deferred rent reversals due to lease termination, net of tax. Our first half fiscal 2016 revenue KPI target, which included automotive and mobile navigation revenue, or corporate revenue, was \$78.7 million. Actual first half fiscal 2016 corporate revenue was \$77.8 million, or 99% of target, resulting in a first half fiscal 2016 corporate revenue KPI achievement of 96% due to deceleration resulting from under achievement. Our first half fiscal 2016 adjusted EBITDA KPI target, which included automotive and mobile navigation adjusted EBITDA, or corporate adjusted EBITDA, was \$(8.6) million. Actual first half fiscal 2016 corporate adjusted EBITDA was \$(5.9) million, or 131% of target, resulting in a first half fiscal 2016 corporate adjusted EBITDA KPI achievement of 162% due to acceleration resulting from over achievement. The first half fiscal 2016 weighted KPI achievement for our combined revenue and adjusted EBITDA KPI targets was 129%. For the first half of fiscal 2016, our automotive business unit actual KPIs, which included bookings, business development and product innovation metrics, were 59% of target, with a KPI achievement of 56%. Our advertising business unit actual KPIs, which included revenue and adjusted EBITDA metrics relating solely to the advertising business unit, were 103% of target, with a KPI achievement of 103%. Our mobile navigation business unit KPIs, which included revenue and quarterly business metrics, were 95% of target, with a KPI achievement of 77%.

The second half fiscal 2016 KPIs also included corporate and business units KPIs. Our corporate KPIs included automotive and mobile navigation billings, or corporate billings, for the second half of fiscal 2016 and net loss calculated in accordance with generally accepted accounting principles, or GAAP net loss, for the fourth quarter of fiscal 2016. Billings measure revenue recognized plus the change in deferred revenue from the beginning to the end of the period. Our second half fiscal 2016 corporate billings KPI target was \$92.0 million. Actual second half fiscal 2016 corporate billings were \$93.3 million, or 102% of target, resulting in a second half fiscal 2016 corporate billings KPI achievement of 102%. Our fourth quarter GAAP net loss target was \$(8.5) million, which was comprised of our consolidated automotive, mobile navigation and advertising GAAP net loss. Actual fourth quarter GAAP net loss was \$(7.7) million, or 139% of target, resulting in a fourth quarter GAAP net loss KPI achievement of 100%. The second half fiscal 2016 weighted KPI achievement for our combined billings and fourth quarter GAAP net loss KPI targets was 101%. For the second half of fiscal 2016, our automotive business unit actual KPI, which was a bookings metric, was 21% of target, with a KPI achievement of 0%. Our advertising business unit actual KPIs, which included revenue and adjusted EBITDA metrics, were 48% of target, with a KPI achievement of 41%. Our mobile navigation business unit did not have specific KPIs, as mobile navigation business unit performance was reflected in our corporate KPIs.

Our weighted fiscal 2016 KPI achievement for executives was calculated based upon weighting percentages assigned to actual KPI achievements for first and second half fiscal 2016 corporate KPIs and the applicable business unit KPIs for each executive. Our chief executive officer recommended, and our compensation committee agreed to the following adjustments to the first half and second half fiscal 2016 KPIs: (1) elimination of all acceleration and deceleration of our corporate KPI achievements in the first half of fiscal 2016, resulting in a net downward adjustment of our combined revenue and adjusted EBITDA weighted KPI achievement from 129% to 115%; (2) upward adjustment of the first half and second half fiscal 2016 automotive business unit KPI achievement from 56% to 88% and from 0% to 80%, respectively, to recognize progress towards contracting specific new automotive manufacturer and OEM awards, and (3)

downward adjustment of the fourth quarter GAAP net loss KPI achievement from 100% to 62% to exclude certain revenue recognized from a transaction at the beginning of the fourth quarter, where such revenue would have been recognized during the third quarter but for the timing in completing the transaction. In connection with the foregoing adjustments, our weighted fiscal 2016 KPI achievement for automotive business unit executives was adjusted upward from 84% to 89%, our weighted fiscal 2016 KPI achievement for advertising business unit executives was adjusted downward from 78% to 75%, and our weighted fiscal 2016 KPI achievement for all other executives, reflecting a blend of corporate and automotive, advertising and mobile navigation business unit KPIs, was adjusted downward from 103% to 92%. In addition, our chief executive officer recommended, and our compensation committee agreed, to further adjust his bonus payout percentage from 92% down to 85%.

In addition, we paid a nonrecoupable portion of the target bonus to executive officers, in the third quarter of fiscal 2016, which amount did not exceed 30% of each named executive officer's target bonus. Such nonrecoupable portion of the target bonus was only paid after determining that the amount of the payments would not exceed the amount of bonus that would be expected to be paid for the fiscal year based on the KPIs achieved.

Long Term Incentives. We grant equity-based incentives to employees, including our executive officers, in order to align employee interests with stockholder interests. Our long term equity compensation program consists of stock options issued under our 2002 Executive Stock Option Plan and 2009 Equity Incentive Plan, as well as RSUs issued under our 2009 Equity Incentive Plan. We also grant equity incentives to persons not employed by us prior to October 10, 2012 under our Amended and Restated 2011 Stock Option Plan (the "2011 Plan"). None of our executive officers received grants under our 2011 Plan in fiscal 2016. Our compensation committee grants equity incentives to our executive officers to enable them to participate in any long term appreciation in our stockholder value. Additionally, these equity incentives provide a means of retaining our executive officers since the options typically vest monthly over a period of four years and the RSUs vest annually over a period of one to four years.

Generally, we have granted equity awards following an executive officer's start date. The initial equity award to each executive officer was principally based on the prevailing range of our other executives with consideration given to the nature of the job and the individual's experience, as well as the current market conditions relating to equity ownership of officers in similar positions at our peer group companies. We believe our executive officers' equity positions as a percentage of total common shares outstanding are at or above median compared to both public and private companies of our size. Furthermore, our founders hold significant equity positions as a percentage of total common shares outstanding.

Beginning in fiscal 2013, as a result of market factors, we altered our approach to employee equity compensation by granting RSUs, as well as stock options, to employees, including our executive officers, in order to ensure that the recipient receives value for the shares regardless of fluctuations in our stock price, align the recipient's interests with those of our stockholders, and be competitive with market practices in the Silicon Valley. We will continue to evaluate the effectiveness of both RSUs and stock options with respect to our executive officers' total compensation.

Our compensation committee does not have any specific policy regarding the timing of equity awards; however, equity awards have generally been granted to our executive officers on an annual basis following our fiscal year end financial results, and from time to time as determined by our compensation committee. Our chief executive officer and our head of human resources have historically proposed an aggregate pool of shares to be allocated among participating officers and employees worldwide and approved, with respect to each individual equity award grant, by the compensation committee or the board of directors,

as the case may be. In setting the size of the proposed aggregate equity award pool, our chief executive officer takes into consideration the impact of the size of the pool on share dilution, employee motivation, employee retention, expected hiring and accounting charges. The proposals have included a division of the award pool based on a grant matrix determined by employee level. The board of directors or the compensation committee, as the case may be, has reviewed and discussed the award pool and approves the final grants, if any, for each individual executive officer. If a proposed grant differs materially from the grant matrix, our chief executive officer would provide the compensation committee or the board of directors, as the case may be, with an explanation or justification for such proposal. The board of directors, without Dr. Jin participating, or compensation committee, as the case may be, also determined the size of the option and RSU grants, if any, to be granted to Dr. Jin, our chief executive officer.

It has been our practice to grant additional equity awards to employees, including our executive officers, when the board of directors or the compensation committee, as the case may be, believe additional unvested equity incentives are appropriate as a retention incentive. In making its determination concerning additional equity awards to our executive officers, the board of directors or the compensation committee, as the case may be, has also considered, among other factors, individual performance and the size and terms of the individual's outstanding equity grants.

In determining equity incentive awards for our executive officers in fiscal 2016, the compensation committee reviewed Compensia's analysis of equity compensation practices within the initial comparable companies (as described above under the caption "*Executive Compensation—Compensation Discussion and Analysis—Third Party Analysis of Compensation*"), the current unvested equity position of each of our executive officers, and the current value of outstanding equity awards held by our officers.

In the course of making its August 2015 determinations, the compensation committee consulted with Dr. Jin, our chief executive officer, to obtain his input and suggestions concerning proposed compensation adjustments for executive officers reporting to Dr. Jin. The compensation committee also discussed with Dr. Jin proposals relating to Dr. Jin's equity compensation, but Dr. Jin did not participate in any deliberations concerning his equity compensation.

In August 2015, our compensation committee approved the following one-time grants of stock options and RSUs on the terms set forth in the table below:

Name	Option Awards(1)	RSU Awards(2)
HP Jin	130,000	70,000
Michael Strambi	70,000	30,000
Salman Dhanani	120,000	60,000
Hassan Wahla	70,000	30,000
Loren Hillberg	30,000	20,000
Rohan Chandran (3)	50,000	30,000

(1) 1/48th of the shares underlying each of the forgoing options vest each month beginning one month from the vesting commencement date on the same day of the month as the vesting commencement date or, if there is no corresponding day, on the last day of the month, subject to the optionee's continuous status as a service provider.

(2) 1/4th of the shares will vest on each anniversary of the vesting commencement date, subject to the recipient's continuous status as a service provider.

(3) Mr. Chandran's employment with us ended on March 18, 2016.

Benefits. Our executive officers participate in our standard benefit plans, which are offered to all full time U.S.-based employees and include our 401(k) plan. We maintain a 401(k) retirement plan which is intended to be a tax qualified defined contribution plan under Section 401(k) of the Internal Revenue Code. In general, all of our U.S. -based employees are eligible to participate in the 401(k) plan as of the first day of the first full calendar month following the start of their employment. The 401(k) plan provides a salary deferral program pursuant to which participants may elect to reduce their current compensation by up to the statutorily prescribed limit, equal to \$18,000 in 2016 and contribute the withheld amount to the 401(k) plan. Participants over age 50 may elect to make additional elective deferral contributions, or catch-up contributions, in the statutorily prescribed limit equal to \$6,000 in 2016. We may, in our sole discretion, make discretionary profit sharing and/or matching contributions to the 401(k) plan on behalf of our employees who are eligible to participate in the 401(k) plan. To date, we have not made any profit sharing contributions but, beginning in July 2006, we began matching employee contributions to the 401(k) plan with up to 4% of an employee's salary, subject to certain vesting conditions. Effective January 1, 2016, we capped the matched contribution amount at \$8,000 for each employee.

Our executive officers have the opportunity to participate in our health and welfare benefit programs which include a medical program, a dental program, a vision program, life insurance, disability insurance, and flexible spending accounts. These benefits are the same as those offered to all other full time U.S.-based employees. Through our benefit programs, each of our named executive officers received group term life insurance equivalent to 100% of his annual base salary. See the "*All Other Compensation*" column of the summary compensation table in this section.

Stock Ownership Guidelines. We do not currently have stock ownership guidelines.

Accounting and Tax Considerations. Section 162(m) limits the amount of compensation paid to our chief executive officer and to each of our most highly compensated officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1,000,000 per person, unless certain exemption requirements are met. Certain performance-based compensation that has been approved by our stockholders is not subject to the \$1,000,000 deduction limit. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, while the compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our named executive officers, the compensation committee intends to consider tax deductibility under Section 162(m) as a factor in compensation decisions. We may from time to time pay compensation to our executive officers, however, that may not be deductible when, for example, we believe that such compensation is appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and/or the executive officer's performance.

Compensation Committee Report

The compensation committee oversees our compensation policies, plans and benefit programs. The compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on such review and discussions, the compensation committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement on Schedule 14A.

Respectfully submitted by the members of the Compensation Committee of the Board of Directors

Pension Benefits & Nonqualified Deferred Compensation

We do not provide a pension plan for our employees and no named executive officers participated in a nonqualified deferred compensation plan during fiscal 2016.

Employment Agreements

We currently have employment agreements or change of control agreements with each of our executive officers. The employment agreements with our executive officers provide for at will employment, base salary, term of the agreement, eligibility to participate in any of our bonus plans or programs, standard employee benefit plan participation and eligibility to receive stock option grants. The employment agreements contain certain severance and change of control benefits in favor of the executives.

Dr. HP Jin. In October 2009, we entered into an employment agreement with Dr. Jin. The agreement sets forth an initial annual base salary of \$200,000, subject to review. He is eligible to participate in all of our bonus plans and programs and employee benefit plans. He is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that Dr. Jin is an at will employee and his employment may be terminated at any time by us or Dr. Jin. The agreement provides for an initial term of three years with automatic one year renewals unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal. In addition, Dr. Jin is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

Michael W. Strambi. In March 2012, we entered into an employment agreement with Mr. Strambi. The agreement sets forth an initial annual base salary of \$210,000, which increased in June 2012 to an annual base salary of \$250,000, subject to review, upon Mr. Strambi becoming chief financial officer. Mr. Strambi is eligible to participate in all of our bonus plans and programs and employee benefit plans. Mr. Strambi is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that he is an at will employee and his employment may be terminated at any time by us or Mr. Strambi. Provided the agreement is not terminated earlier pursuant to its terms, the agreement provides for an initial term of three years with automatic one year renewals unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal. In addition, Mr. Strambi is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

Loren Hillberg. In October 2009, we entered into an amended and restated employment agreement with Mr. Hillberg. The amended and restated agreement sets forth the initial annual base salary of \$200,000,

subject to review. He is also eligible to participate in all of our bonus plans and programs and employee benefit plans. Mr. Hillberg is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that he is an at will employee and his employment may be terminated at any time by us or Mr. Hillberg. The agreement provides for an initial term of three years with automatic one year renewals unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal. In addition, Mr. Hillberg is entitled to severance benefits upon termination of employment as described below under “*Executive Compensation—Potential Payments Upon Termination or Change of Control.*”

In September 2012, we entered in a retention agreement with Mr. Hillberg, pursuant to which we agreed to pay Mr. Hillberg a \$1.3 million retention bonus, in lieu of granting Mr. Hillberg an RSU during fiscal 2013 (the “Retention Bonus”). In the event that Mr. Hillberg terminates his employment with us prior to the fourth anniversary of the date of the retention agreement, Mr. Hillberg would be required to repay a portion of the Retention Bonus. The repayment obligation lapsed as to 25% on each anniversary of the date of the retention agreement and the retention bonus became fully vested in September 2016.

Hassan Wahla. In October 2009, we entered into an amended and restated employment agreement with Mr. Wahla. The amended and restated agreement sets forth an initial annual salary of \$180,000, subject to review. He is eligible to participate in all of our bonus plans and programs and employee benefit plans. Mr. Wahla is also entitled to reimbursement for reasonable travel, entertainment or other expenses in furtherance of his duties as an executive officer. The agreement provides that he is an at will employee and his employment may be terminated at any time by us or Mr. Wahla. On March 18, 2016, Mr. Chandran's employment with us ended and we entered into a severance agreement and general release with Mr. Chandran. We paid Mr. Chandran the gross amount of \$130,000, which was equivalent to six months of his regular salary, a lump-sum, pro-rated bonus payment for fiscal 2016 in the amount of \$55,070, and six months of COBRA contributions for the months of April through September of 2016 for Mr. Chandran and his eligible dependents in the amount of \$13,926, pursuant to the terms of his employment agreement.

Potential Payments Upon Termination or Change of Control

We have entered into employment agreements that require specific payments and benefits to be provided to our executive officers in the event of termination of employment. The description and table that follow describe the payments and benefits that may be owed by us to each of our executive officers upon the executive officer's termination under certain circumstances.

Provided the employment agreement is not terminated earlier pursuant to its terms, in the event of a Change of Control (as defined below), the agreement provides for an automatic extension of the term of the agreement through the 18 month anniversary of such Change of Control with automatic one year renewals after the 18 month anniversary of the Change of Control unless either party provides notice of nonrenewal at least 60 days prior to the date of automatic renewal.

Severance Terms for Dr. Jin. In the event that Dr. Jin is terminated other than for Cause, death or disability, and the termination is not upon or within a two month period before or a 12 month period after a Change of Control, then, subject to certain conditions, Dr. Jin will be entitled to receive the following:

- a lump sum severance payment equal to 12 months of his base salary in effect immediately prior to his termination;
- a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee); and
- coverage for a period of up to 12 months for himself and his eligible dependents under our medical, dental and vision benefit plans.

In the event that Dr. Jin is terminated other than for Cause, death or disability, or if he terminates his employment for Good Reason, and the termination is within a two month period before or a 12 month period after a Change of Control, then, subject to certain conditions, Dr. Jin will be entitled to receive the following:

- a lump sum severance payment equal to 18 months of his base salary in effect immediately prior to his termination;
- a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee);
- coverage for a period of up to 18 months for himself and his eligible dependents under our medical, dental and vision benefit plans; and
- all unvested equity awards will immediately vest and become exercisable in full. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award.

In order to receive the severance benefits described above upon a termination of Dr. Jin's employment, Dr. Jin is obligated to refrain from soliciting our employees to leave us for a one year period after the termination of his employment, continue to observe and maintain the confidentiality of all

confidential and proprietary information and provide us with an executed separation agreement and release of claims.

Severance Terms for Messrs. Hillberg, Strambi, Dhanani and Wahla. Pursuant to the employment agreements, in the event that we terminate the employment of Messrs. Hillberg, Strambi, Dhanani or Wahla other than for Cause, death or disability, and the termination is not upon or within a two month period before or a 12 month period after a Change of Control, then, subject to certain conditions, such executive officer will be entitled to receive the following:

- a lump sum severance payment equal to six months of his base salary in effect immediately prior to his termination;
- a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee); and
- coverage for a period of up to six months for himself and his eligible dependents under our medical, dental and vision benefit plans.

In the event we terminate the employment of Messrs. Hillberg, Strambi, Dhanani or Wahla other than for Cause, death or disability, or if either Messrs. Hillberg, Strambi, Dhanani or Wahla terminates his employment for Good Reason, and the termination is within a two month period before or a 12 month period after a Change of Control, then, subject to certain conditions, such executive officer will be entitled to receive the following:

- a lump sum severance payment equal to 12 months of his base salary in effect immediately prior to his termination;
- a lump sum bonus payment equal to his target bonus as in effect for the year in which the termination occurs, pro-rated for the year (and adjusted based on the achievement of applicable performance objectives as determined solely in the discretion of the board of directors or compensation committee);
- coverage for a period of 12 months for himself and his eligible dependents under our medical, dental and vision benefit plans; and
- all of the unvested equity awards of the executive officer will immediately vest and become exercisable in full. The awards will remain exercisable, to the extent applicable, following the termination for the period prescribed in the respective stock plan and agreement for each award.

In order to receive the severance benefits described above upon a termination of employment of Messrs. Hillberg, Strambi, Dhanani or Wahla, such executive officer is obligated to refrain from soliciting our employees to leave us for a one year period after the termination of his employment, continue to observe and maintain the confidentiality of all confidential and proprietary information and provide us with an executed separation agreement and release of claims.

In the event any payment to one of our executive officers under his employment agreement is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code (as a result of a payment being classified as a parachute payment under Section 280G of the Internal Revenue Code), such executive officer

will be entitled to receive such payment as would entitle him to receive the greatest after tax benefit of either the full payment or a lesser payment, which would result in no portion of such severance benefits being subject to excise tax.

For the purpose of our employment agreements with our executive officers, "Change of Control" means the occurrence of any of the following:

- (i) the acquisition by any one person, or more than one person acting as a group (for these purposes, persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with us), or Person, that becomes the owner, directly or indirectly, of our securities representing more than 50% of the total voting power represented by our then outstanding securities; provided, however, that for the purposes of this subsection (i), the acquisition of additional securities by any one Person, who is considered to own more than 50% of the total voting power of our securities shall not be considered a Change of Control;
- (ii) a change in the composition of our board of directors occurring within a 12 month period, as a result of which fewer than a majority of the directors are Incumbent Directors. "Incumbent Directors" will mean directors who either (A) are our directors as of the effective date of the employment agreement with the executive officer or (B) are elected, or nominated for election, to our board of directors with the affirmative votes of a least a majority of the Incumbent Directors at the time of such election or nomination (but will not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of our directors); or
- (iii) a change in the ownership of a substantial portion of our assets which occurs on the date that any Person acquires (or has acquired during the 12 month period ending on the date of the most recent acquisition by such person or persons) assets from us that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of our assets immediately prior to such acquisition or acquisitions; provided, however, that for purposes of this subsection (iii), the following shall not constitute a change in the ownership of a substantial portion of our assets: (1) a transfer to an entity that is controlled by our stockholders immediately after the transfer; or (2) a transfer of assets by us to: (A) a stockholder of ours (immediately before the asset transfer) in exchange for or with respect to our securities; (B) an entity, 50% or more of the total value or voting power of which is owned, directly or indirectly, by us; (C) a Person, that owns, directly or indirectly, 50% or more of the total value or voting power of all our outstanding stock; or (D) an entity, at least 50% of the total value or voting power of which is owned, directly or indirectly, by a Person described in subsection (C). For purposes of this subsection (iii), gross fair market value means the value of our assets, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

Notwithstanding the foregoing, a transaction of ours that does not constitute a change of control event under Treasury Regulation 1.409A-3(i)(5)(v) or (vii) shall not be considered a Change of Control.

For the purposes of our employment agreements with our executive officers, "Cause" means:

- (i) any material act of personal dishonesty made by the executive officer in connection with the executive officer's responsibilities as an employee;

- (ii) the executive officer's conviction of, or plea of nolo contendere to, a felony or any crime involving fraud, embezzlement or any other act of moral turpitude;
- (iii) the executive officer's gross misconduct;
- (iv) the executive officer's unauthorized use or disclosure of any of our proprietary information or trade secrets or of any other party to whom the executive officer owes an obligation of nondisclosure as a result of executive officer's relationship with us;
- (v) the executive officer's willful breach of any obligations under any written agreement or covenant with us; or
- (vi) the executive officer's continued failure to perform his employment duties after the executive officer has received a written demand of performance from us which specifically sets forth the factual basis for our belief that the executive officer has not substantially performed his duties and has failed to cure such nonperformance to our satisfaction within 10 business days after receiving such notice.

For the purpose of our employment agreements with Messrs. Jin, Strambi and Hillberg, "Good Reason" means the occurrence of one or more of the following events without the executive officer's express written consent:

- (i) the assignment to the executive officer of any duties, the reduction of the executive officer's duties or the removal of the executive officer from his position and responsibilities, either of which must result in a material diminution of such executive officer's authority, duties or responsibilities with us in effect immediately prior to such assignment, unless the executive officer is provided with a comparable position (i.e., the executive officer's same position in the parent company of the combined entity);
- (ii) a material reduction in the executive officer's base salary, unless the base salaries of all of our (and, if applicable, our successor's) other similarly situated employees are also similarly reduced (for these purposes, a reduction of the executive officer's base salary by 10% or more will be considered material, provided that a reduction of less than 10% may still be material based on the facts and circumstances relating to the reduction);
- (iii) a material change in the geographic location of the executive officer's primary work facility or location; provided, however, that a relocation of less than 35 miles from the executive officer's then present location will not be considered a material change in geographic location; or
- (iv) our failure to obtain assumption of the employment agreement by any successor.

For the purpose of our employment agreements with Messrs. Dhanani and Wahla, "Good Reason" means the occurrence of one or more of the following events without the executive officer's express written consent:

- (i) the assignment to the executive officer of any duties, the reduction of the executive officer's duties or the removal of the executive officer from his position and responsibilities, either of which must result in a material diminution of the executive officer's authority, duties, or

responsibilities with us in effect immediately prior to such assignment, unless the executive officer is provided with a comparable position (i.e., a position of equal or greater organizational level, duties, authority, compensation and status);

- (ii) a material reduction in the executive officer's base salary, unless the base salaries of all of our (and, if applicable, our successor's) other similarly situated employees are also similarly reduced (for these purposes, a reduction of the executive officer's base salary by 10% or more will be considered material, provided that a reduction of less than 10% may still be material based on the facts and circumstances relating to the reduction);
- (iii) a material change in the geographic location of the executive officer's primary work facility or location; provided, however, that a relocation of less than 35 miles from the executive officer's then present location will not be considered a material change in geographic location; or
- (iv) our failure to obtain assumption of the employment agreement by any successor.

It is our intention to ensure that all future transactions between us and our officers, directors and principal stockholders and their affiliates are approved by the audit committee of our board of directors, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties.

Unless otherwise noted below, the address of each person listed on the table is c/o Telenav, Inc., 4655 Great America Parkway, Suite 300, Santa Clara, California 95054.

We have determined beneficial ownership in accordance with the rules of the SEC. Under the SEC's proxy rules, a person who directly or indirectly has or shares voting power or investment power with respect to a security is considered a beneficial owner of the security. Voting power is the power to vote or direct the voting of shares, and investment power is the power to dispose of or direct the disposition of shares. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 43,128,725 shares of common stock outstanding at September 22, 2016. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that are currently exercisable or will be exercisable within 60 days of September 22, 2016 and RSUs that will vest within 60 days of September 22, 2016. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Beneficial ownership representing less than one percent is denoted with an asterisk ("*").

The information provided in the table and related footnotes are based on our records, information filed with the SEC, and information provided to us, except where otherwise noted.
